**SHAREHOLDERS
& PROXY STATEMENT**

Letter to Our Shareholders

April 17, 2026

Dear Hasbro Shareholders,

Hasbro continues to execute its “Playing to Win” strategy, anchored in its mission to create joy and community through the magic of play. As a games, intellectual property and toy company, Hasbro is focused on expanding consumer reach and delivering sustainable, profitable growth across a portfolio of gamified, entertainment-driven, multi-purchase, multi-generational franchises.

Over the past several years, the Company has undertaken a deliberate transformation to sharpen portfolio focus, strengthen operating discipline and improve financial performance. The reset initiated in 2023 established a stronger foundation. In 2024, the Company began rebuilding momentum. In 2025, the Company advanced execution with continued emphasis on margin expansion, cash generation and continued disciplined capital allocation.

Strategy and Portfolio Focus

The Company’s strategy is guided by five core pillars that shape decision-making and investment allocation:

- *Anytime is Playtime* – Winning across play occasions and distribution points by ensuring accessible, relevant and engaging brands wherever and however consumers choose to play.
- *Aging Up* – Expanding play and collectible experiences for older fans, recognizing the increasing purchasing power of consumers aged 13 and above.
- *Everyone Plays* – Broadening reach across demographics and markets where the Company is under-indexed.
- *Digital and Direct* – Deepening consumer engagement through video games, digital platforms and direct-to-consumer capabilities.
- *Partner Scale* – Leveraging strategic partnerships and licensing relationships to extend the reach and impact of the Company’s intellectual property in capital-efficient ways.

In 2025, the Company continued to prioritize investment in high-margin, franchise-led opportunities while maintaining strict cost and working capital discipline. Wizards of the Coast and Digital Gaming delivered another strong year, underscoring the value of engagement-driven, recurring revenue streams within the Company’s portfolio. The Company’s licensing business further amplified the reach of the Company’s intellectual property through strategic, asset-light partnerships. The Company’s toy business showed improvement and resiliency in an unpredictable market. Lastly, the Company continued advancing its Operational Excellence program, designed to streamline processes, optimize the Company’s supply chain and structurally improve profitability. These efforts are critical to sustaining margin performance in a dynamic environment.

Governance and Board Evolution

The Board remains committed to ensuring that its composition reflects the skills and experience necessary to support Hasbro’s strategy. In early 2026, we welcomed Carla Vernón and Doug Bowser to the Board. Carla has deep experience in global brand leadership and operational execution, and Doug adds significant expertise in digital gaming and global franchise management. Their perspectives strengthen our oversight of franchise growth and digital expansion. We also extend our sincere appreciation to Mary Beth West, who will retire from the Board at the annual meeting. Mary Beth’s leadership and counsel were invaluable during a period of significant transformation for Hasbro. We thank her for her dedicated service.

Looking Ahead

Hasbro today is a more focused, franchise-driven and operationally disciplined organization. The Board is confident in the Company’s strategic direction and management’s execution, and we remain committed to long-term value creation for our shareholders. Thank you for your continued confidence and support.

Sincerely,

2025 Overview

Hasbro, Inc. (“Hasbro”) is a leading game, intellectual property (“IP”), and toy company whose mission is to create joy and community through the magic of play. With over 100 years of expertise, we deliver play experiences to kids, families, and fans around the world, through physical and digital games, video games, toys, licensed consumer products, location-based entertainment, film, TV and more.

Through our franchise-first approach, we unlock value from both new and legacy IP, including MAGIC: THE GATHERING, MONOPOLY, HASBRO GAMES, PLAY-DOH, TRANSFORMERS, DUNGEONS & DRAGONS, NERF, and PEPPA PIG, as well as premier partner brands. Powered by our portfolio of iconic brands and a diversified network of partners and subsidiary studios, we bring fans together wherever they are, from tabletop to screen.

For more than a decade, Hasbro has been consistently recognized for its corporate citizenship, including being named one of the 100 Best Corporate Citizens by 3BL Media, a 2025 JUST Capital Industry Leader, one of the 50 Most Community-Minded Companies in the U.S. by the Civic 50, and a Brand that Matters by Fast Company.

Our Playing to Win Strategy

Games, IP, and toys each play an important role in driving our play-focused mission. Toys are often the first handshake we have with consumers, providing an opportunity for consumers of all ages to enjoy our brands. Games offer consumers additional channels to experience our brands, both in traditional format and through digital games. Licensing our intellectual property and strategic partnerships provides further opportunities to extend the reach of our brands across digital games, consumer products categories, entertainment, location-based experiences, and more. We believe our diversified portfolio positions us for continuous and extended reach with consumers and long-term growth.

In 2025, we launched our refreshed strategy, “Playing to Win,” to refocus the Company on inspiring a lifetime of play across more categories, more partners, and more ways to engage. Through play-fueled brand engagement and partner scaled co-investment, including video games, artificial intelligence (“AI”) enabled entertainment, and licensing, we seek to expand our consumer reach as a games, IP, and toy company. We aim to be one of the most profitable and diverse toy and game companies globally, powered by gamified, entertainment-driven, multi-purchase, multi-generational franchises. To significantly extend our consumer reach and drive for revenue and profit growth, we are focusing on five key strategic building blocks:

- *Anytime is Playtime*: Focus on winning play occasions and distribution point by making our brands accessible, relevant, and engaging wherever, whenever, and however consumers choose to play.
- *Aging Up*: Expand our consumer base and drive play and collectible experiences for fans of all ages, recognizing that consumers aged 13 and above are gaining purchase share.
- *Everyone Plays*: Engage across the play spectrum to where we under-index and capture new consumers across demographics and markets.
- *Digital and Direct*: Embrace new ways to engage with our consumers through video games, digital technology and direct-to-consumer interactions.
- *Partner Scale*: Capitalize on our partners’ investments and scale to enhance our brands through strategic relationships and licensing arrangements.

Our Business: Games, IP, and Toys. We operate in three lines of business: games, IP, and toys, each playing a role in driving our play-focused mission.

Games	IP - Licensing & Entertainment	Toys
Our high profit, high growth investment center. As consumers embrace digital, our games portfolio offers new channels to express our brands.	Our capital-lite, partner scale opportunity. Licensing drives our brands across consumer product categories, screens and experiences.	Our first handshake with consumers; a cash generative business in a category driven by brands, innovation and licenses.

As a Company, we believe we possess a number of competitive advantages, including: a broad and deep brand portfolio rooted in play; one of the biggest and most diverse licensing businesses in the world; and a profitable games business anchored by MAGIC: THE GATHERING, MONOPOLY, DUNGEONS & DRAGONS, and Hasbro gaming classics.

Our competitive advantages reinforce one another. Our toy and game brands fuel our licensing business. Our licensing business benefits from external capital and marketing investments which strengthen our brands and our bottom line. Our games business adds further strength to our balance sheet giving us the investment dollars to upgrade core capabilities like design, supply chain, and marketing and gives us new ways to expand our brands' consumer reach, particularly in digital.

Operational Excellence: Transforming Hasbro. We are midway through a transformation. Over the past several years our initiatives have focused on:

- Reinvigorating licensing by expanding into new partnerships across toys, gaming and experiences and by strengthening existing partnerships with key partners, including the extension of our agreement with The Walt Disney Company.
- Accelerating digital initiatives and digitally-orientated partnerships.
- Right-sizing our organizational structure.
- Reducing complexity across the business, including significantly reducing SKU count, reducing owned inventory levels and reducing the cost structure.
- Divestiture of our non-core film and TV business, which returned “play” to the center of our mission and investment priorities, ultimately reducing content spend by over 90%.

We are continuing to transform the business by upgrading our systems and talent with an emphasis on:

- Rapid adoption of AI, including launching new enabled services and digital solutions to innovate, improve operational efficiency, and go to market digitally.
- Modernizing how we design and develop products and work with manufacturers to improve the time to market, improve agility and reduce costs.
- Process and systems modernization across IT, accounting, finance and HR.
- Supply chain excellence to continue improving predictability, costs and services across the network.
- Establishing an inspired workforce with a performance culture built on solid fundamentals, strong values and bar-raising feedback.
- Building a “test and learn” engine to enable ideas to move from concept to market with speed, evidence and consumer co-creation.

Profile of the Board's Nominees for Director

The Board's nominees are balanced by experience, age, gender and tenure. The Board's nominees are a skilled, knowledgeable and diverse group, with each member contributing and having his or her voice heard while supporting and appropriately challenging management. The Nominating, Governance and Social Responsibility Committee and the Board believe the mix of experience, expertise, and perspectives on the Board serves to strengthen management and our Company.

The Board's nominees for director consist of proven leaders with experience across a wide range of industries, including digital gaming, consumer products and consumer brands, with a significant amount of turnaround and operational experience, giving us a diverse set of skills, viewpoints and expertise.

CORPORATE GOVERNANCE MATTERS

We are committed to strong corporate governance, ethical conduct, sustainability and the accountability of the Board and our senior management team to our shareholders.

Board and Board Committee Practices

- ✓ Entire Board is elected annually
- ✓ 10 out of 11 of the Board's nominees for director are independent (as defined by NASDAQ)
- ✓ 45% of our director nominees are women
- ✓ Balance of experience, gender, diversity, tenure and qualifications
- ✓ Separate CEO and Independent Chair with clearly defined responsibilities
- ✓ All committees consist entirely of independent directors
- ✓ Risk oversight by Board and its committees
- ✓ Cybersecurity oversight primarily by the Board and the Audit Committee of the Board
- ✓ ESG oversight by the Board and the Nominating, Governance and Social Responsibility Committee of the Board
- ✓ Capital allocation and finance matters overseen by separate Finance and Capital Allocation Committee of the Board
- ✓ Artificial Intelligence oversight by the Board
- ✓ Annual Board and committee self-evaluations
- ✓ Director orientation and continuing education
- ✓ Policy limiting the number of public company boards on which our directors may serve

Shareholder Rights, Accountability and Other Governance Practices

- ✓ Comprehensive shareholder outreach program and track record of constructive engagement
- ✓ No shareholder rights plan
- ✓ Annual shareholder advisory vote on executive compensation ("Say-on-Pay")
- ✓ Majority vote standard with a plurality carve-out for contested elections
- ✓ Proxy access bylaw provision

- ✓ Strong compensation Clawback Policy
- ✓ Stock ownership and share retention policy for Board members, executive officers and other key employees
- ✓ Written code of conduct and corporate governance principles
- ✓ Long-standing commitment to ESG and corporate sustainability
- ✓ Strong Insider Trading Policy with Preclearance Procedures

Shareholder Engagement

We regularly engage with our shareholders on our strategy and performance, as well as financial, compensation, corporate governance and other Environmental, Social and Governance (ESG) matters. We do this as part of our commitment to build relationships, discuss and receive feedback on our strategy, be responsive to shareholders and ensure that our actions are informed by the viewpoints of our investors.

Our shareholder engagement efforts are conducted year-round. In addition to discussions just before our annual meeting, we initiate discussions during a quieter period several months before, typically in the fourth quarter, reaching out to our largest shareholders.

Board members, such as the independent chair or chair of one of the Board committees, are made available to participate in some of these discussions. We believe that positive, two-way dialogue builds informed relationships that promote transparency and accountability. Management provides written and oral updates on the discussions with shareholders to the Board, which considers shareholder perspectives, as well as the interests of all stakeholders, when overseeing company strategy, formulating governance practices and designing compensation programs.

In addition to our year-round engagement, as we have done for many years, we proactively extended an invitation to our top 25 shareholders (holding in the aggregate approximately 59% of our outstanding shares) to meet and we had discussions with those who accepted our invitation. This year we covered a variety of topics, with a primary focus on the actions we have taken in response to shareholder feedback over the past year, as well as our business strategy, risks and opportunities, our executive compensation plans, pay competitiveness, corporate governance, director refreshment, director composition, skill-sets, director on-boarding and evaluation process, trade associations, and ESG disclosure, programs and priorities.

Key Actions Taken in the Past Year Considering Shareholder Feedback

- Launched our Playing to Win Strategy, with a focus on gaming, IP licensing and entertainment, and toys.
- Further reduced complexity across our business resulting in improved cost structure.
- Announced a dual headquarters structure to align our business focuses, with our toy and games business to be operated out of our new Boston, MA office starting in Q4 2026, and our digital and Wizards business operating principally out of our Renton, WA office.
- Spent \$225 million to reduce long-term debt in 2025.
- Continued our board refreshment with the retirement of one longer-tenured director and the addition of two new directors with chief executive officer, digital gaming, branding and consumer products experience.
- Continued program to reward performance based on key financial metrics.
- Continued to make progress on our Impact strategy and ESG initiatives.

Environmental, Social and Governance

ESG starts with our Board, with specific oversight by our Nominating, Governance and Social Responsibility Committee of the Board (“Governance Committee”). ESG topics, such as climate and sustainability, human rights and ethical sourcing, are regular agenda items at Governance Committee meetings. The Governance Committee analyzes these issues and makes recommendations to the full Board. In addition, the Audit Committee of our Board oversees SEC and public disclosures in specific matters, such as conflict minerals and enterprise risk. The full Board receives regular updates regarding our ESG progress. And our CEO and the Executive Leadership Team (“ELT”) regularly review our ESG performance, progress and opportunities. Our ELT and members of our global corporate sustainability team meet several times a year to ensure management oversight of the Company’s ESG strategy, impact and performance. This group sets the direction for our global ESG strategy and ensures the integration of ESG throughout the organization.

Focus Area: Climate and Sustainability

We recognize the impact our business can have on the environment and are working to reduce our footprint. We view sustainability challenges as opportunities to innovate and to continuously improve our product design and operational efficiencies.

We continue to work to integrate climate risk identification and mitigation into our overall enterprise risk management process and business. As part of this effort, we published a Climate and Nature Transition Plan and an IFRS S2 disclosure, where we describe how climate change could impact our business and the key actions we are taking that are designed to strengthen our resiliency. These disclosures contribute to our ongoing preparation work for the European Union’s Corporate Sustainability Reporting Directive (“CSRD”).

Focus Area: Human Rights and Ethical Sourcing

Our Human Rights and Ethical Sourcing program launched over 30 years ago and is dedicated to ensuring that facilities involved in the production of our toys, games and licensed consumer products comply with Hasbro’s Global Business Ethics Principles. The program is designed to ensure fair and safe working conditions; fairness, dignity and respect for workers; and robust supplier engagement to ensure strong safety, health and environmental performance. While working on these issues with partners, suppliers, third-party factories and licensees is complex, we remain vigilant in our commitment to ensure workers in our supply chain are treated in accordance with our high ethical standards and applicable laws.

We believe that “play” is a human right, and we understand our influence as a leading toy maker comes with great responsibility to ensure children’s safety - physically, mentally and emotionally. We recognize the well-being of

children globally is inextricably linked to the success of our Company. Our commitment to respecting the human rights of children is implemented in the following areas.

- *Product Safety:* Understanding our responsibility to respect human rights extends to our products, we implement our human rights commitment to children through our deep and long-standing commitment to product safety. To ensure the safety of children who play with our products, we have rigorous quality assurance and product safety standards and processes.
- *Community:* Our human rights commitment to children’s rights and well-being is implemented, in part, through our community investments to support children-based initiatives.

For more information on our ESG activities, please see our CSR website at <https://csr.hasbro.com/en-us/esg-reports>.

Executive Compensation

Proposal 2 – Advisory Vote on Compensation of Named Executive Officers

Our Board of Directors recommends that shareholders vote, on an advisory basis, to approve the compensation paid to our named executive officers (“NEOs”) as described in this Proxy Statement. Our compensation programs embody a pay-for-performance philosophy that supports our business strategy and closely aligns executive interests with those of our shareholders. Our shareholders supported our Say-on-Pay votes in the last three years, with favorable votes from 96.7%, 87.6% and 91.4% of the shares voted at the 2025, 2024 and 2023 Annual Meetings, respectively. Highlights of our compensation programs for 2025 and our compensation best practices follow. Proposal 3 — Proposal to Ratify the Selection of KPMG LLP as the Company's Independent Registered Public Accounting Firm for the 2026 Fiscal Year

You are being asked to vote to ratify the selection of KPMG LLP as our independent registered public accounting firm for fiscal 2026. Detailed information about this proposal can be found below under the heading "Proposal to Ratify the Selection of KPMG LLP as the Company's Independent Registered Public Accounting Firm for the 2026 Fiscal Year (Proposal 3)."

Election of Directors (Proposal 1)

The Board of Directors unanimously recommends a vote **“FOR ALL”** of the following Board nominees at the 2026 Annual Meeting:

Douglas Bowser
Hope F. Cochran
Christian P. Cocks
Lisa Gersh

Frank D. Gibeau
Elizabeth Hamren
Darin S. Harris
Owen Mahoney

Laurel J. Richie
Richard S. Stoddart
Carla Vernón

At the Annual Meeting, you will be asked to elect eleven (11) directors at the Annual Meeting. All of the directors elected at the Annual Meeting will serve until the 2027 Annual Meeting of Shareholders (the “2027 Meeting”), and until their successors are duly elected and qualified, or until their earlier death, resignation or removal. Shareholders cannot vote “FOR” more than eleven (11) directors at the Annual Meeting.

Based upon the Company’s criteria for nominations of directors to the Board and the unanimous recommendation of the Nominating, Governance and Social Responsibility Committee, the Board unanimously determined to nominate **Douglas Bowser, Hope F. Cochran, Christian P. Cocks, Lisa Gersh, Frank D. Gibeau, Elizabeth Hamren, Darin S. Harris, Owen Mahoney, Laurel J. Richie, Richard S. Stoddart and Carla Vernón** for election by shareholders to serve until the 2027 Annual Meeting. Each nominee has consented to being named in the proxy statement and serving as a director if elected.

Under Article II, Section 2.6 of Hasbro’s Second Amended and Restated By-laws (“By-Laws”), the affirmative vote of a majority of votes cast with respect to each director nominee will be required for the nominee to be elected. A majority of votes cast means that the number of votes cast “FOR” a director nominee must exceed the number of votes cast “AGAINST” that director nominee. Abstentions will not be counted as votes cast either for or against the nominees.

If you submit a validly executed proxy card but do not specify how you want to vote your shares with respect to the election of directors, then your shares will be voted in line with the Board’s recommendation with respect to the proposal. Should any of the Board’s nominees be unable or unwilling to stand for election at the time of the Annual Meeting, the proxies named on the proxy card may vote for a replacement nominee recommended by the Board of Directors, or the Board may reduce the number of directors to be elected at the Annual Meeting. At this time, the Board knows of no reason why any of the Board’s nominees would not be able to serve as a director if elected.

Election of Board Nominees

In considering candidates for election to the Board, the Nominating, Governance and Social Responsibility Committee and the Board consider a number of factors, including:

- past and current employment, experience and overall qualifications;
- skills, expertise and involvement in areas that are of importance to the Company’s business;
- the Board’s and the Company’s strategic focus;
- business ethics and professional reputation;
- other board experiences;
- business, financial and strategic judgment; and
- the desire to have a well-balanced Board that represents a mix of backgrounds, perspectives and expertise and reflects our broad consumer and fan demographics.

Each of the Board nominees for election to the Board at the Annual Meeting has served in senior positions at complex organizations and has demonstrated a successful track record of strategic, business and financial planning, execution and operating skills in these positions. In addition, each of the Board nominees has proven experience in management and leadership development and an understanding of operating and corporate governance issues for a large multinational company.

The following highlights certain skills, experience and characteristics possessed by the Board nominees for election to the Board and explains what we mean when referring to experience. Further information on each nominee’s qualifications is provided below in the individual biographies. Board Committees

Our Board of Directors has four standing committees:

- Audit
- Compensation and Talent
- Finance and Capital Allocation
- Nominating, Governance and Social Responsibility

The members of each of our required committees, namely Audit, Compensation and Talent, and Nominating, Governance and Social Responsibility, are all independent directors, as defined by the rules of The NASDAQ Stock Market (“Nasdaq”) and our Standards for Director Independence (“Independence Standards”). Additionally, all members of our Audit Committee meet the additional SEC and Nasdaq independence and experience requirements applicable specifically to audit committee members, and all members of our Compensation and Talent Committee satisfy the additional Nasdaq independence requirements specifically applicable to compensation committee members. The Chair of each committee regularly reports to the Board of Directors on committee deliberations and decisions. Each committee’s charter is posted on our website at <https://hasbro.gcs-web.com/corporate-governance>. The contents of our website are not incorporated by reference into this Proxy Statement.

The principal functions of each committee, together with the committee composition as of April 13, 2026, and number of meetings held in 2025, are set forth in the table below.

Role of the Board in Risk Oversight

The Board of Directors is actively involved in risk oversight for the Company. Although the Board as a whole has retained oversight over the Company's risk assessment and risk management efforts, the efforts of the various committees of the Board are instrumental in this process. Each committee, generally through its Chair, regularly reports back to the full Board on the conduct of the committee's functions. The Board, as well as the individual Board committees, also regularly speaks directly with key officers and employees of the Company involved in risk assessment and risk management.

Set forth below is a description of the role of the various Board committees, and the full Board, in risk oversight for the Company.

COMMITTEE	RISK OVERSIGHT
Audit	<ul style="list-style-type: none"> Assists the Board in risk oversight for the Company by reviewing and discussing with management, internal auditors and the independent auditors the Company's significant financial and other exposures, and guidelines and policies relating to enterprise risk assessment and risk management, including the Company's procedures for monitoring and controlling such risks. Oversees, on behalf of the Board, financial reporting, tax, and accounting matters, climate, sustainability, conflict minerals, cybersecurity and other SEC related reporting. Oversight of the Company's risk exposures in cybersecurity and data privacy and the steps management takes to identify, assess, monitor and mitigate such exposures. Oversees, on behalf of the Board, the Company's internal controls over financial reporting. Key role in oversight of the Company's compliance with legal and regulatory requirements.
Compensation and Talent	<ul style="list-style-type: none"> Assists the Board in oversight of the compensation programs for the Company's executive officers. Ensures that the performance goals and metrics being used in the Company's compensation plans and arrangements align the interests of executives with those of the Company and its shareholders and maximize executive and Company performance, while not creating incentives on the part of executives to take excessive or inappropriate risks. Assists the Board in risk oversight of the Company's key strategies, initiatives, programs, practices and performance outcomes related to human capital management, including with respect to recruiting, talent development, education and training, retention, and workforce demographics, as well as management succession and employment practices (other than within the purview of the Nominating, Governance and Social Responsibility Committee).
Finance and Capital Allocation	<ul style="list-style-type: none"> Reviews and discusses with management the Company's financial risk management activities and strategies, including with respect to foreign currency, credit risk, interest rate exposure and the use of hedging and other techniques to manage these risks. As part of its review of the operating budget and strategic plan, the Finance and Capital Allocation Committee reviews major capital allocation decisions and business risks to the Company and the Company's efforts to manage those decisions and risks.

COMMITTEE

RISK OVERSIGHT

Nominating, Governance and Social Responsibility	<ul style="list-style-type: none"> Assists the Board in its oversight of the Company's governance policies and structures, management and director succession planning, ESG, inclusion and belonging, human capital management and issues related to health, safety and the environment and sustainability, as well as risks and efforts to manage risks to the Company in those areas.
Board	<ul style="list-style-type: none"> The full Board regularly reviews the efforts of each of its committees and discusses, at the level of the full Board, the key strategic, financial, business, legal and other risks facing the Company, including emerging risks such as artificial intelligence, and the Company's efforts to manage those risks.

The Board and its committees receive periodic reports from internal and external advisors on risks to the organization. These reports come from the functional leaders across the organization. The Company's compliance team, sustainability team and internal audit team also provide regular reports to our Board and its committees. The internal audit team presents a regular enterprise risk assessment to the Audit Committee, which is shared with the Board. In addition, other areas, such as cybersecurity and privacy risk, are assessed by third parties who report to the Audit Committee and the full Board. Members of our disclosure committee receive and provide reports on risks identified, and review material risks that could rise to the level of public disclosure.

Director Compensation

The following table sets forth information concerning compensation of the Company's directors for fiscal 2025. Mr. Cocks, the Company's Chief Executive Officer, served on the Board during fiscal 2025. However, Mr. Cocks did not receive any compensation for his Board service in fiscal 2025 while performing duties as an officer of the Company. Mr. Bowser and Ms. Vernón joined the Board in January 2026 and did not receive any compensation for Board service in 2025.

Does not include the amount of cash retainer payments deferred by the director into the stock unit account under the Deferred Compensation Plan for Non-Employee Directors, which amounts are reflected in the Stock Awards column.

(b) Please see note 16 to the financial statements included in the Company's Annual Report on Form 10-K, for the year ended December 28, 2025, for a detailed discussion of the assumptions used in valuing stock awards.

In addition to reflecting the grant date fair value for stock awards made to the directors (this expense for the director stock award in 2025 was \$175,000 per director continuing service on the Board), the stock awards column also includes, to the extent applicable, the (i) amount of cash retainer payments deferred by the director into the stock unit account under the Deferred Compensation Plan for Non-Employee Directors and (ii) a 10% matching contribution which the Company makes to a director's account under the Deferred Compensation Plan for Non-Employee Directors on all amounts deferred by such director into the Company's stock unit account under that plan.

No stock options were granted to any of the non-employee directors in 2025.

(c) The non-employee directors who were serving on the Board at that time held the following outstanding stock awards and stock units outstanding under the Deferred Plan as of December 28, 2025.

Name	Outstanding Stock Awards	Outstanding Stock Units
Hope F. Cochran	0	0
Lisa Gersh	35,304	44,562
Frank D. Gibeau	0	0
Elizabeth Hamren	0	0
Darin S. Harris	0	0
Owen Mahoney	0	0
Laurel J. Richie	13,087	0
Richard S. Stoddart	23,034	16,780
Mary Beth West	16,242	0

The outstanding stock awards consist of the aggregate number of non-employee director stock grants that the director elected to defer the receipt of any such shares until his or her retirement from the Board. To the extent a director did not defer the stock award, it is not included in the table and the shares have already been issued to the director. Each director was given the option, prior to the beginning of the year of grant, to receive the shares subject to the upcoming annual grant either at the time of grant, or to defer receipt of the shares until the person retires from the Board.

(d) All Other Compensation reflects the Company's matching charitable contribution of up to \$5,000 per director per fiscal year. An aggregate of \$5,000 was paid by the Company in fiscal 2025 for director matching contributions.

Current Director Compensation Arrangements

In structuring the Company's director compensation, the Nominating, Governance and Social Responsibility Committee seeks to attract and retain talented directors who will contribute significantly to the Company, fairly compensate directors for their work on behalf of the Company and align the interests of directors with those of our shareholders. As part of its review of director compensation, the Nominating, Governance and Social Responsibility Committee reviews external director compensation market studies to assure that director compensation is set at reasonable levels which are commensurate with those prevailing at other similar companies and that the structure of the Company's non-employee director compensation programs is effective in attracting and retaining highly qualified directors.

All members of the Board who are not otherwise employed by the Company (“non-employee directors”) receive annual cash retainers for service on the Board and its committees. Below is a summary of the cash retainers for service in 2025.

Annual Retainers	Amount (\$)
Annual Base Board Retainer ⁽¹⁾	\$105,000
Annual Retainers (in addition to Annual Base Board Retainer)	
• Chair of Board	\$150,000
• Chair of Audit Committee	\$ 40,000
• Chair of Compensation and Talent Committee	\$ 35,000
• Chair of Finance and Capital Allocation Committee	\$ 30,000
• Chair of Nominating, Governance and Social Responsibility Committee	\$ 20,000
• Audit Committee Member (other than Chair)	\$ 20,000
• Compensation and Talent Committee Member (other than Chair)	\$ 15,000
• Finance and Capital Allocation Committee Member (other than Chair)	\$ 12,500
• Nominating, Governance and Social Responsibility Committee Member (other than Chair)	\$ 12,500

(1) Annual Base Board Retainer increased from \$95,000 to \$105,000 effective July 30, 2025.

No meeting fees were paid for attendance at meetings of the full Board or committees.

Annually, the Company anticipates issuing to each non-employee director that number of shares of Common Stock which have a set fair market value (based on the fair market value of the Common Stock on the date of grant). In fiscal 2025, the director stock grants had grant date fair market values of \$175,000. The value of this stock award was increased to \$185,000 for fiscal 2026. These shares are immediately vested, but the Board has adopted stock ownership guidelines which mandate that Board members may not sell any shares of the Company’s Common Stock that they hold, including shares obtained as part of this yearly stock grant, until they own shares of Common Stock with an aggregate market value equal to at five times the annual Board retainer. Board members are permitted to sell shares of Common Stock they hold with a value in excess of this amount. Board members may defer receipt of these shares under the Restated 2003 Stock Incentive Performance Plan, as amended, until their separation of service. An amount equal to the dividends paid on the number of shares of Common Stock deferred is credited to each non-employee director’s stock unit account as of the end of the quarter in which the dividend was paid, and such amount is paid after separation of service.

Pursuant to the Deferred Compensation Plan for non-employee directors (the “Deferred Plan”), which is unfunded, non-employee directors may defer some or all of the annual Board and committee retainer and meeting fees into a stock unit account, the value of each unit initially being equal to the fair market value of one share of Common Stock as of the end of the quarter in which the compensation being deferred would otherwise be payable. Stock units increase or decrease in value based on the fair market value of the Common Stock. In addition, an amount equal to the dividends paid on an equivalent number of shares of Common Stock is credited to each non-employee director’s stock unit account as of the end of the quarter in which the dividend was paid. The Company offers this program as a means for our directors to increase their economic exposure to the value of our stock without having to buy shares in the public market, which may not always be practicable as a result of blackout periods and other restrictions on trading in our securities.

Non-employee directors may also defer any portion of their retainer and/or meeting fees into an interest account under the Deferred Plan, which bears interest at the five-year treasury rate.

The Company makes a deemed matching contribution to a director's stock unit account under the Deferred Plan equal to 10% of the amount deferred by the director into the stock unit account, with one-half of such Company contribution vesting on December 31st of the calendar year in which the deferred compensation otherwise would have been paid and one-half on the next December 31st, provided that the participant remains a director on such vesting date. Unvested Company contributions will automatically vest on death, total disability or retirement by the director at or after age seventy-five. Compensation deferred under the Deferred Plan in the interest account will be paid out in cash after termination of service as a director. Compensation deferred in the stock unit account will be paid out in shares of Common Stock after termination of service as a director. Directors may elect that deferred compensation be paid out in a lump sum or in up to ten annual installments, commencing either in the quarter following, or in the January following, the quarter in which service as a director terminates.

The Company also offers a matching gift program for its Board members pursuant to which the Company will match charitable contributions, up to a maximum yearly Company match of \$5,000, made by Board members to qualifying non-profit organizations and academic institutions.

Governance of the Company

Hasbro is committed to strong corporate governance, ethical conduct, sustainability and the accountability of the Board and Hasbro's senior management team to the Company's shareholders. We review our corporate governance principles and practices on a regular basis. Set forth below is a summary of our key governance principles and practices.

Code of Conduct

Hasbro has a Code of Conduct which is applicable to all of the Company's officers, employees and directors, including the Company's Chief Executive Officer, Chief Financial Officer and Controller. The Code of Conduct addresses issues such as conflicts of interest, protection of confidential Company information, financial integrity, compliance with laws, rules and regulations, insider trading and proper public disclosure. Compliance with the Code of Conduct is mandatory for all Company officers, employees and directors. Any violation of the Code of Conduct can subject the person at issue to a range of sanctions, including dismissal.

The Code of Conduct is available on Hasbro's website at <https://hasbro.gcs-web.com/corporate-governance>. Although the Company generally does not intend to provide waivers of, or amendments to, the Code of Conduct for its Chief Executive Officer, Chief Financial Officer, Controller, or any other officers, directors or employees, information concerning any waiver of, or amendment to, the Code of Conduct for the Chief Executive Officer, Chief Financial Officer, Controller, or any other executive officer or director of the Company, will be promptly disclosed on the Company's website in the location where the Code of Conduct is posted.

Corporate Governance Principles

Hasbro has adopted a set of Corporate Governance Principles which address qualifications for members of the Board of Directors, director responsibilities, director access to management and independent advisors, director compensation and many other matters related to the governance of the Company. The Corporate Governance Principles are available on Hasbro's website at <https://hasbro.gcs-web.com/corporate-governance>.

Director Independence

Hasbro's Board has adopted Independence Standards in accordance with Nasdaq's corporate governance listing standards. The Independence Standards specify criteria used by the Board in making determinations with respect to the independence of its members and include strict guidelines for directors and their immediate family members with respect to past employment or affiliation with the Company or its independent auditor. The Independence Standards restrict commercial relationships between directors and the Company and include the consideration of other relationships with the Company, including charitable relationships, in making independence determinations. The Independence Standards are available on Hasbro's website at <https://hasbro.gcs-web.com/corporate-governance>.

The Board has determined in accordance with our Independence Standards, that all of our non-employee directors are independent and have no relationships which impact an independence determination under the Company's Independence Standards. The only member of the Company's Board who was determined not to be independent was Chris Cocks, the Company's Chief Executive Officer. Of the eleven (11) Board nominees for director at the Annual Meeting, ten (10) are independent, with Mr. Cocks being the only non-independent nominee.

Board Leadership Structure

We currently separate the roles of Chair of the Board and CEO. The Chair of the Board is elected by the Board on an annual basis. The Chairperson presides at all meetings of shareholders and chairs all meetings of the Board of Directors. In addition, the Chairperson performs all duties which may be required by law and such other duties as specified by the Board. The Chairperson's duties typically include:

- working with the members of the Board and management to develop agendas and meeting schedules for Board and Committee meetings and to structure Board discussions around key strategic and other matters;
- assuring there is sufficient time for Board discussion and that perspectives of all Board members are heard and considered;
- reviewing and approving information and materials to be sent to the Board;
- meeting and consulting with major shareholders when requested as part of the Company's shareholder outreach programs and when otherwise requested by such shareholders;
- regularly consulting with the Chair of the Nominating, Governance and Social Responsibility Committee and other Committee Chairs on matters related to corporate governance, Board performance and Board responsibilities; and
- facilitating the retention of outside advisors for the Board as needed.

If the Chairperson is not an independent director, the Board will appoint a Lead Independent Director with such duties as may be prescribed from time to time.

Voting Standard for Director Elections

The Company has a majority vote standard for the election of directors in uncontested director elections, coupled with a director resignation policy for those directors who do not receive a majority vote. A plurality vote standard applies to contested director elections.

In an election of directors that is not a contested election (as defined below), when a quorum of shareholders entitled to vote is present, each nominee to be elected by shareholders will be elected if the votes cast "FOR" such nominee exceed the votes cast "AGAINST" such nominee. In cases where as of the tenth (10th) day preceding the date on which the Company first mails its notice of meeting, for the meeting at which directors are being elected, the number of nominees for director exceeds the number of directors to be elected (referred to as a "contested election"), when a quorum of shareholders entitled to vote is present, each nominee to be elected by shareholders shall be elected by a plurality of the votes cast.

In an election that is not a contested election, in order for an incumbent director to become a nominee for re-election to the Board, such person must submit an irrevocable resignation, contingent on both that person not receiving a "FOR" vote that exceeds the "AGAINST" vote cast and acceptance of that resignation by the Board in accordance with the policies and procedures of the Board adopted for such purpose. In the event an incumbent director fails to receive a "FOR" vote that exceeds the "AGAINST" vote in an election that is not a contested election, the Company's Nominating, Governance and Social Responsibility Committee shall make a recommendation to the Board as to whether to accept or reject the resignation of such incumbent director.

The Board shall act on the resignation, taking into account the recommendation of the Nominating, Governance and Social Responsibility Committee, and publicly disclose (by filing an appropriate disclosure with the SEC) its decision regarding the resignation and, if such resignation is rejected, the rationale for that decision, within sixty (60) days following the final certification of the vote at which the election was held. The Nominating, Governance and Social Responsibility Committee in making its recommendation, and the Board in making its decision, may each consider all factors and information that they consider relevant and appropriate. Both the Nominating, Governance and Social Responsibility Committee, in making its recommendation, and the Board in making its decision, with respect to any given nominee who has not received the requisite vote in an election that is not a contested election, will act without the participation of the nominee in question.

Director Outside Board Service

The Company has a policy providing that Board members may not serve on the boards of directors of more than a total of four public companies (including the Company's Board) and/or registered investment fund families. If the director is also a sitting chief executive officer of a public company, the director may not serve on more than one other public company board or registered investment fund family board, in addition to the Company's Board. And, if the director is an executive chair of a public company, the director may not serve on the board of more than two other public companies and/or registered investment fund families. Any director whose service on boards exceeds the limits as a result of a private company becoming public is given up to twelve (12) months to comply with this policy.

The Board does not have a policy setting rigid limits on the number of audit committees on which a member of the Company's Audit Committee can serve. Instead, in cases where an Audit Committee member serves on more than three public company audit committees, the Board evaluates whether such simultaneous service would impair the service of such member on the Company's Audit Committee.

Before accepting a seat on the board of another public company, the director is required to notify the Chair of Nominating, Governance and Social Responsibility Committee to avoid potential conflicts of interest, as well as to assist in the determination of whether the aggregate number of directorships and attendant responsibilities held by a director would interfere with such director's ability to properly discharge his or her duties to the Company. The Chair and committee review the request and determine compliance with the Company's over-boarding policy. Additionally, as part of the nomination process for board members, the Nominating, Governance and Social Responsibility Committee reviews the director's annual questionnaire, including independence, and outside board responsibilities and time commitments. Each of the Company's Board nominees is in compliance with the outside board service limitations.

Each director is in compliance with the Company's over-boarding policy.

Director Orientation and Continuing Education

New directors receive an orientation to assist them in their roles as Board and committee members. Orientation includes subjects such as board governance and operation, Company history, strategic plans, business operations, financial position and legal and regulatory environment. Management also provides information on an ongoing basis to ensure that Board members are aware of the business, legal and other developments necessary to fulfill their role. We make available outside educational opportunities as the Board deems relevant and appropriate and bring in speakers from time to time to address timely topics and trends affecting the Company. New directors are assigned a mentor on the Board to facilitate the director's on-boarding and have meetings with each of the members of the executive leadership team.

Annual Evaluation for the Board and Board Committees

Every year the entire Board, as well as each of the committees of the Board, conduct a self-evaluation process. This process includes each director and each committee member submitting confidential feedback on the performance of the Board, their own self-assessment as a Board member, and the performance of each committee on which they serve. The feedback is then collected and reviewed and discussed by the applicable committees, as well as the entire Board of Directors. This feedback informs changes the Board and the committees consider making to their processes and areas of review for the next year.

In addition to the self-evaluation process, periodically the Board engages an independent third-party to perform an external review. Most recently, in 2024, the Board engaged a third-party to conduct a comprehensive board evaluation, which included surveying and interviewing all members of the Board and certain members of management, observing board meetings, assessing board composition, reviewing key documents and running workshops focused on Board culture and behaviors. The third party identified key strengths of the Board and made recommendations for potential enhancements to the Board's operation and functions.

Board Tenure

Although the Company does not have a formal policy with respect to Board tenure, the Board does seek to keep a balance of tenures to provide continuity of understanding of the business, long-term succession planning, corporate governance best practices and meaningful onboarding of new directors, including educating new directors with respect to the Company's business, while also providing for new perspectives brought to bear by new Board members. The Board generally targets a mix of tenures in which roughly one-third of the Board members have been on the Board for a relatively short period of time, one-third for a medium period of time, and one-third for a longer period of time. Although that is a general target, the composition of Board tenures may vary over time for many factors, including the availability of appropriate director candidates, the skill-sets needed by the Board or the importance of continuity during leadership transitions, such as the appointment of a new CEO.

Proxy Access

We have adopted a "proxy access" procedure in our By-Laws. Our proxy access bylaw allows a shareholder or a group of up to 20 shareholders that has maintained continuous ownership of at least 3% of the voting power of the Company's outstanding voting stock for at least 3 years, to include nominees for election to the Board of Directors in the Company's proxy statement. Subject to compliance with the requirements of the proxy access By-Law provisions, the shareholder or group of shareholders may include director nominees for up to the greater of (i) 20% of the Board, rounded down to the nearest whole number, or (ii) 2 nominees.

Share Retention Requirements

The Company has share ownership guidelines which apply to all officers and certain employees at or above the most Senior Vice President level and establish target share ownership levels which executives are expected to achieve over a five-year period and then maintain, absent extenuating circumstances. The Company also requires employees at those levels to retain a portion of any net shares realized from stock vesting or option exercises during the five-year period an executive has to achieve their stock ownership requirement until the executive's ownership requirement level is satisfied. Until the applicable ownership level is achieved, the executive is required to retain an amount equal to at least 50% of the net shares received as a result of the exercise, vesting or payment of any equity awards granted to the executive following such executive becoming subject to the policy. Once the required stock ownership level is achieved, the executive is required to maintain the stock ownership level for as long as the executive is employed by the Company and is subject to the policy.

Equity Awards Subject to Double Trigger Following a Change in Control

Under the Company's Restated 2003 Stock Incentive Performance Plan, as amended, all awards are subject to a double trigger change in control provision. This means that rather than vesting automatically upon a change in control of the Company, such awards will only vest following a change in control if the award recipient's employment with the Company is terminated under specified circumstances.

Clawback Policy

Under the Board-approved Clawback Policy, all equity and non-equity incentive plan compensation granted by the Company is subject to this Clawback Policy. The policy, which complies with Nasdaq listing standards, provides that if an accounting restatement is required due to the Company's material non-compliance with any accounting requirements, then the Company will recover from all of the Company's executive officers, regardless of whether

they were at fault or not in the circumstances leading to the restatement, any excess in the incentive compensation they earned over the prior three years over what they would have earned if there had not been a material non-compliance in the financial statements. In the event the officer's misconduct, violation of Company policy or fraud contributed to the need for a restatement, then the Company will use reasonable efforts to recover up to 100% of the affected incentive compensation. In addition to the foregoing, the Company has adopted further clawback provisions than required under the Dodd-Frank Act. Specifically, the Company will use reasonable efforts in the event of a restatement to recover from any other current or former employee who is not an executive officer who received incentive compensation during the impacted period due to the person's negligence, misconduct, wrongdoing or a violation of any of the Company's rules or of any applicable legal or regulatory requirements in the course of the such employee's employment by, or otherwise in connection with, the Company; or a breach of a fiduciary duty to the Company or its shareholders by such employee. There were no restatements triggering clawbacks in 2025. The Company's Clawback Policy is filed as an exhibit to the Company's Form 10-K.

Policy Prohibiting the Pledging or Hedging of Company Stock

Under the Company's Board approved Global Insider Trading Policy, pledges or hedges of Company stock by directors, officers or other employees on a prospective basis is prohibited. The Board believes this policy furthers the interest of shareholders by ensuring that directors, officers and employees have the same economic incentives as shareholders and that equity held by directors, officers and employees will not be sold in situations beyond the control of the director, officer or employee.

Board Meetings and Director Attendance at the Annual Meeting

During 2025, the Board held twelve (12) meetings. All directors attended at least 75% of the aggregate of (i) the Board meetings held during their tenure as directors during 2025 and (ii) the meetings of any committees held during their tenure as members of such committees during 2025. Although the Company does not have a formal policy requiring attendance of directors at the annual meeting of shareholders, the expectation of the Company and the Board is that all directors will attend the annual meeting of shareholders in person or virtually unless conflicts prevent them from attending. All members of the Board who were serving as Board members at the time attended the 2025 Annual Meeting of Shareholders.

Director Retirement Age

The Board has established a target retirement age of 75. Normally, a director who has reached this age will serve out his or her current term and not stand for re-election at the end of that term. However, the Board recognizes that from time to time there may be unusual circumstances where exceptions need to be made to this general rule to retain needed continuity and expertise, or for other business reasons.

Succession Planning

The Board devotes significant time establishing, reviewing and discussing the succession plans for the CEO and each of his direct reports as well as the talent pipeline leading to those positions, part of building a diverse and inclusive workforce. The Board, the Compensation and Talent Committee and the Nominating, Governance and Social Responsibility Committee are involved in succession planning, as well as our Chief Executive Officer and other members of management. The Board drives the succession planning for the position of CEO. The Board, working with the CEO, members of management and outside advisors, oversees succession planning for certain other senior management positions. To assist the Board, senior management reports to the Board on management development and succession planning for the CEO and other members of senior management. In identifying successors, the Company has historically considered both internal and external candidates.

Succession planning is among the Board's top priorities and is included in the annual goals for executive management. Mr. Cocks, as CEO, is responsible for providing a regular talent update to the Board and Compensation and Talent Committee. Further, the Board and the Nominating, Governance and Social Responsibility Committee continue to regularly review in-depth succession plans, considering long-term, medium-term and short-term options. The Board also has exposure to internal succession candidates through their periodic participation in Board meetings and/or engagement outside of Board meetings.

Insider Trading Policy

We have a Board-approved Global Insider Trading Policy governing the transactions in our securities by our directors, officers and employees, and other related persons and entities, that are designed to promote compliance with insider trading laws, rules, and regulations. More specifically, it is the policy of the Company that no director, officer or other employee of the Company who is aware of material nonpublic information relating to the Company may, directly or through family members or other persons or entities, (a) engage in transactions in securities of the Company (other than pursuant to a pre-approved trading plan that is adopted and operated in compliance with SEC Rule 10b5-1), or engage in any other action to take personal advantage of that information, or (b) pass that information, or make a recommendation to engage in transactions in the Company's securities that is influenced by material nonpublic information, on to others outside the Company, including family and friends. It is also the Company's policy to comply with all applicable securities and state laws (including appropriate approvals by the Board of Directors or appropriate committee, if required) when engaging in transactions in Company securities.

It is the policy of the Company that no director, officer or other employee of the Company who, in the course of working for the Company, learns of material nonpublic information about another company or another entity, including, without limitation, a company with which the Company does business, including a customer or supplier of the Company, may (a) engage in transactions in that company's securities until the information becomes public or is no longer material, or (b) pass that information on to others outside the Company, including family and friends, or make a recommendation to engage in transactions in the other company's or entities' securities that is influenced by material nonpublic information.

We have a pre-clearance policy that applies to executive officers, and members of the Board of the Company and other designated employees of the Company who, although not executive officers, regularly become aware of earnings information or other potentially material nonpublic information about the Company. Under this policy, directors and executive officers of the Company, and any other employees designated as being subject to the Company's pre-clearance procedures, together with any of their family members who live in their household or whose transactions in Company securities are under their influence or control, and any trusts or other entities controlled by any such persons, may not engage in any transaction in the Company's securities without first obtaining pre-clearance of the transaction from the Legal Department.

Additional Availability of Corporate Governance Materials

In addition to being accessible on the Company's website, <https://investor.hasbro.com/corporate-governance>, copies of the Company's Code of Conduct, Corporate Governance Principles and the charters of the four committees of the Board of Directors are all available free of charge to any shareholder upon request to the Company's Chief Legal Officer and Corporate Secretary, c/o Hasbro, Inc., 1027 Newport Avenue, P.O. Box 1059, Pawtucket, Rhode Island 02861.

Compensation and Talent Committee Report

The following section of this Proxy Statement, entitled “Compensation Discussion and Analysis,” contains a discussion regarding the objectives of the Company’s executive compensation programs, how those programs drive Company performance and a review of the processes and program elements used by the Compensation and Talent Committee to attract and retain executive talent, align the interests of the executive team with those of the Company’s shareholders, create a strong pay-for-performance alignment, maximize the business results of the Company and enhance shareholder value.

The Compensation and Talent Committee has reviewed and discussed with management the Compensation Discussion and Analysis that follows this report. Based on its review and discussions with management, the Compensation and Talent Committee recommended to the Company’s full Board, and the full Board has approved, the inclusion of the Compensation Discussion and Analysis in this Proxy Statement for the Meeting and, by incorporation by reference, in the Company’s Annual Report on Form 10-K for the year ended December 28, 2025.

Report issued by the members of the Compensation and Talent Committee as of the Company’s 2025 fiscal year end.

Compensation Discussion and Analysis

Executive Summary

In the following Compensation Discussion and Analysis (“CD&A”), we describe our approach to the executive compensation programs and our compensation decisions for 2025 for the following Named Executive Officers (“NEOs”).

Name	Title
Chris Cocks	Chief Executive Officer
Gina Goetter	Chief Financial Officer and Chief Operating Officer
John Hight	President, Wizards of the Coast and Digital Gaming
Tim Kilpin	President, Toys, Board Games, Licensing and Entertainment
Tarrant Sibley	EVP, Chief Legal Officer & Corporate Secretary

2025 Performance Overview

Fiscal year 2025 was a year of strong results, driven by our continued execution on our Playing to Win strategy. We finished 2025 with strong momentum, led by another record year in our Wizards of the Coast and Digital Gaming segment, continued growth in licensing, and operating profit improvement across the Company.

- Full year Hasbro revenue increased 14% driven by 45% growth in the Wizards of the Coast and Digital Gaming segment. Consumer Products declined 4% and Entertainment was down 4%.
- MAGIC: THE GATHERING had a record year, supported by the success of its Universes Beyond sets such as *Avatar: The Last Airbender* and *Final Fantasy*, which was the highest selling set of all-time based on net revenues. *Edge of Eternities* and *Marvel's Spider-Man* also contributed to performance as well as high demand for our backlist sets and Secret Lair offerings.
- Digital licensing was once again led by Monopoly Go!, a mobile game from our partners at Scopely, Inc., and remains a meaningful contributor to licensing revenues.
- In our Consumer Products segment, we saw solid performance from BEYBLADE, TRANSFORMERS and Hasbro Gaming, as well as success from recent innovation, such as the announcement of Baby Evie joining PEPPA PIG. In addition, we saw strong success from partner licensed brands, such as MARVEL.
- Operating profit of \$11 million and operating margin of 0.2% reflects a second quarter 2025 non-cash goodwill impairment charge associated with goodwill assigned to reporting units within our Consumer Products segment.
- Adjusted operating profit of \$1,140 million (+36% vs. 2024) and adjusted operating margin of 24.2% (+3.9 points vs. 2024), driven by favorable business mix and benefits from cost transformation efforts.
- Reported net loss of \$2.30 per share; adjusted net earnings of \$5.54 per diluted share.
- Returned \$393 million to shareholders via dividends.
- Spent \$225 million on debt reduction through the combination of bond repurchases and prefunding maturities, achieving debt targets ahead of schedule.
- Operating cash flow of \$893 million vs. \$847 million in the prior year driven by improved profitability.
- Delivered almost \$800 million of gross cost savings through 2025 as we continued to execute on our operational excellence program.

A reconciliation of our GAAP to non-GAAP financial results can be found in [Appendix A](#) to this Proxy Statement.

2025 Compensation Plan Design

To ensure the success of our strategy for long-term shareholder value creation, we believe it is critical to align our executive compensation program with our short and long-term strategic and financial goals.

Short-Term Incentive Plan. For the Company corporate plan, the metrics in 2025 included total net revenue (weighted at 50%) and operating profit dollars (weighted at 50%). For the business area participants, the Committee determined to use revenue and operating profit dollars for the business area, each weighted at 40%, and an additional metric around performance against the Company's total operating profit dollars (weighted at 20%).

Long-Term Incentive Plan. The Committee continues to believe that Diluted Earnings Per Share (EPS) is the appropriate performance metric upon which to base the performance share unit (PSU) awards, which represented 50% of total long-term incentive (LTI) for our CEO and other NEOs. This measure captures the most important aspects of the Company's long-term performance and best aligns with shareholder value creation. The number of shares vesting can be modified by relative and absolute Total Shareholder Return (TSR) modifiers at the end of the three-year performance period. The relative TSR modifier promotes alignment of long-term incentive compensation award outcomes with relative shareholder returns. The absolute TSR modifier provides direct alignment with the shareholder experience of value creation.

2025 Compensation Decisions Aligned with Performance

With respect to the 2025 annual incentive plan, the Committee reviewed the performance of the Company and its business areas against the annual incentive plan targets for fiscal year 2025. The Total Hasbro payout factor for awards under the 2025 annual incentive plan, as approved by the Committee, was 200% of target. The Committee reviewed the base incentive awards that would have been received by the NEOs using the Company and business area performances. In determining final amounts for the NEO's, the Committee considered the NEO's individual performance and contribution to the Company's transformation efforts, refined strategy and focus areas and cost reduction measures intended to position the Company for future success. No further adjustments were made to the formula under the annual incentive plan for 2025.

With respect to our long-term incentive awards, a payout of 92% was achieved for the 2023-2025 performance share units. See "Long-Term Incentive Compensation — PSU Awards" below.

The payouts under the annual incentive plan and LTI program further evidence our pay-for-performance alignment.

Shareholder Engagement

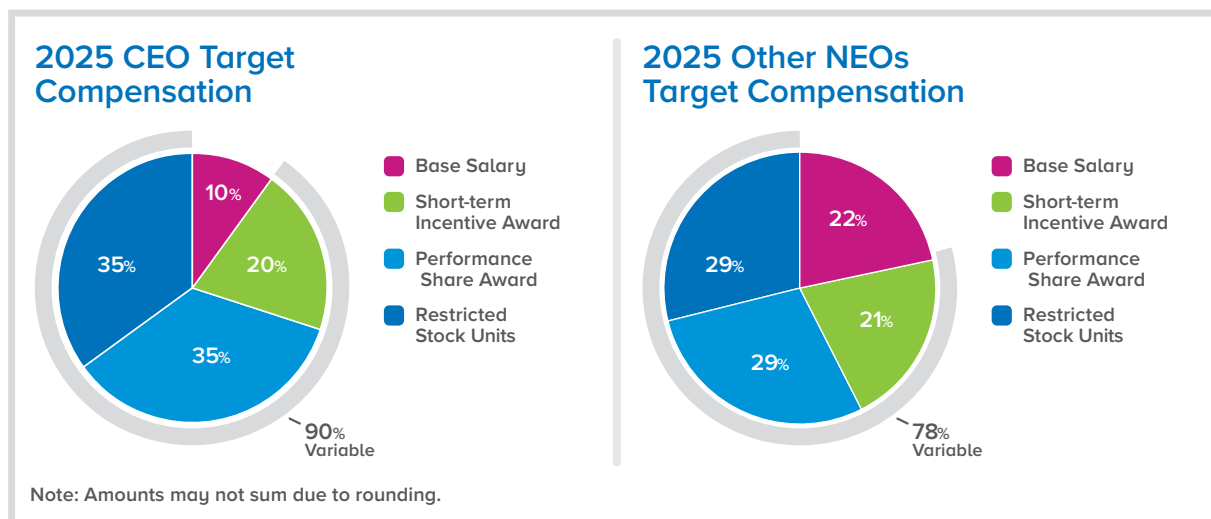

We engage with our major shareholders on a regular basis. We do this as part of our commitment to build relationships, discuss and receive feedback on our business strategy, be responsive to shareholders and ensure that our actions are informed by the viewpoints of our investors. Our shareholders supported our Say-on-Pay votes in the last three years, with favorable votes of 96.7%, 87.6%, and 91.4% of the shares voted at the 2025, 2024, and 2023 Annual Meetings, respectively.

In addition to our year-round engagement, consistent with our historical practice, we extended an invitation to our top 25 shareholders (holding in aggregate more than a majority of our outstanding shares) to meet and we had discussions with those who accepted our invitation. This year we covered a variety of topics, with a primary focus on the actions we have taken in response to shareholder feedback over the past year, as well as our business strategy, risks and opportunities, our executive compensation plans, pay competitiveness, corporate governance, director refreshment, and director on-boarding and evaluation process. The feedback we received from our shareholders was discussed by our Board and its committees. Shareholders we spoke to indicated that they were supportive of our compensation program design to reward performance based on key financial metrics. Based on our continuing dialogue with our significant shareholders and the strong support we have seen in our Say-on-Pay vote, we believe our compensation program is aligned with the views of our shareholders and strongly drives our pay-for-performance objectives.

Executive Compensation Program Structure and Alignment with Performance

The Committee has implemented a carefully structured executive compensation program that is tightly linked to long-term shareholder value creation. The program incorporates a combination of short-term and long-term forms of compensation that are structured to incentivize company performance and the achievement of corporate and business unit objectives the Committee believes are critical to driving sustained long-term shareholder value. At the same time, the program incorporates elements that ensure the Company attracts and retains top executive talent with the creativity, innovation, drive and diverse skills in branded-play, digital gaming, licensing, consumer products, and entertainment that are critical to the successful execution of our strategy. As our “Playing to Win” strategy evolves, the Committee reviews the compensation program to ensure that it supports the strategy of the Company and enables us to attract and retain key talent to execute on our strategy.

In support of this linkage to long-term shareholder value creation, a significant portion of the total compensation opportunity for our CEO and our other NEOs is variable and performance-based.

The following summarizes the components of our 2025 compensation program for our NEOs.

2025 Executive Compensation Program Elements

Type of Annual Cash Compensation

Base Salary	<ul style="list-style-type: none"> • Fixed compensation • Set at a market competitive level, in light of individual experience and performance
Annual Incentive Awards	<ul style="list-style-type: none"> • Performance-based • Tied to company and business area achievement against stated annual financial goals • Performance measures evaluated <ul style="list-style-type: none"> - Total Net Revenues - Operating Profit Dollars • Individual Performance Adjustment: Designed to enable us to reward for strategic and operating performance not captured by the financial metrics listed by allowing the Committee to adjust the payouts down to 0% or up to +35% based on individual performance

Type of Annual Long-Term Incentive Compensation

Performance Share Units	<ul style="list-style-type: none"> • Represented 50% of annual target equity award value for our CEO and other NEOs • Earned based on challenging long-term three-year goal requiring sustained strong operating performance • Aligns management behavior with maximizing shareholder value • Tied to achievement of EPS and relative and absolute shareholder return over a 3-year performance period • Modified +/- 25% by our relative TSR performance compared to S&P 500 companies • If our cumulative TSR at the end of a 3-year performance period is greater than or equal to 33%, the award vests at a minimum of 50% of target
Restricted Stock Units	<ul style="list-style-type: none"> • Represented 50% of annual target equity award value for our CEO and other NEOs • Vest in three equal annual installments over the first three anniversaries of the grant date • Provides appropriate retention to executives while continuing to align with shareholder interests through stock price performance

Executive Compensation Philosophy and Objectives

The Committee regularly reviews compensation practices to best align our compensation programs with shareholder interests, company strategy and best practices. The Committee's fundamental objectives with our executive compensation program are to:

- Attract, develop and retain talented executives who can contribute significantly to the achievement of the Company's objectives and goals and deliver results in keeping with our mission to create joy and community through the magic of play.
- Align the interests of the Company's executives with the short, medium and long-term goals of the Company and its shareholders and other stakeholders.
- Instill a pay-for-performance culture; a substantial portion of the compensation opportunity for the NEOs is composed of variable, performance-based compensation elements.
- Reward superior performance by the Company, and its business units, as well as superior individual performance.
- Accomplish these objectives effectively while managing the total cost of the Company's executive compensation program, including by managing reasonable levels of dilution and annual share usage when granting equity-based compensation.

The Committee believes it is critical to have a robust succession planning and management development process and seasoned talent ready to deploy into key executive positions, and our compensation programs are designed to support these objectives. Our general management training program, a development opportunity provided to key leaders in the organization, is a new key tool we are using to ready the next leaders in the organization. Through this program, we train and develop senior leaders in business and finance areas critical to the Company.

The Committee structures the Company's compensation program in a way it believes appropriately aligns pay with performance without encouraging excessive risk taking or other behavior on the part of executive officers that is not in the Company's best interests.

Our goal is to position total target direct compensation for our NEOs within a market competitive range that reflects the individual's performance, criticality to the business, experience and future potential. For more information on the peer group used to benchmark our NEO's compensation, please see below under the heading "Compensation Process — Peer Group and Benchmarking."

All equity and non-equity incentive plan compensation is subject to the Board-approved Clawback Policy. The policy provides that if an accounting restatement is required due to the Company's material non-compliance with any accounting requirements, then the Company will recover from all of the Company's executive officers, regardless of whether they were at fault or not in the circumstances leading to the restatement, any excess in the incentive compensation they earned over the prior three years over what they would have earned if there had not been a material non-compliance in the financial statements. Additionally, in the event the officer's misconduct, violation of Company policy or fraud contributed to the need for a restatement, then the Company will use reasonable efforts to recover up to 100% of the affected incentive compensation. See "Corporate Governance - Clawback Policy" above for more information.

Strong Compensation Governance Practices

COMPENSATION BEST PRACTICES

 - 3x base salary for other NEOs
- > NEOs must hold 50% of net shares received upon option exercises or award vesting until they achieve the required ownership levels
- > Fully independent Compensation & Talent Committee
- > Independent Compensation Consultant
- > Incentive programs do not incentivize excessive risk taking
- > Robust anti-hedging and pledging policies prohibiting pledging or hedging of Company stock
- > Double-trigger change in control provisions for equity grants
- > Maximum payout caps under incentive plans
- > No tax gross-ups on severance or change in control
- > No excessive perquisites
- > No repricing of equity incentive awards
- > Strong Clawback Policy

Compensation Process

Hasbro's executive compensation program is structured with input, analysis, review and/or oversight from various sources, including:

- The Compensation and Talent Committee (the "Committee");
- The full Board;
- The Committee's independent compensation consultant, Meridian Compensation Partners LLC ("Meridian");
- The Company's Chief Executive Officer;
- The Company's Executive Vice President and Chief People Officer; and
- Market studies and other comparative compensation information.

All final decisions regarding the performance compensation and retention programs for the Company's executive officers, including the NEOs, are made by the Committee. The performance and total compensation for the Company's Chief Executive Officer is also reviewed and approved by the full Board, without the Chief Executive Officer being present.

In structuring the various compensation elements, the Company and Committee review each element on both an individual basis and in totality as part of overall total compensation. This process includes reviewing tally sheets for each of the executive officers that set forth total target direct compensation, and within that total summarize the target level for each element and the portion of total target direct compensation comprised of the various compensation elements.

For NEOs other than the CEO, the CEO makes recommendations to the Committee for each executive's overall compensation. The Committee then discusses these recommendations with the CEO, both with and without the presence of the Company's Executive Vice President and Chief People Officer. The Committee further reviews and discusses all recommendations in executive session and, as part of these discussions, the Committee discusses the recommendations with representatives from Meridian.

Peer Group and Benchmarking

In designing the fiscal 2025 executive compensation program, the Committee reviewed certain market data as a market check for each of the NEO's, including: (i) base salary; (ii) total target cash compensation (comprised of base salary and target short-term incentive award); and (iii) total target direct compensation (comprised of base salary, target short-term incentive award and target long-term incentive award). This market information is one element reviewed by the Committee in setting compensation targets.

As the Company has developed into a leading game, intellectual property and toy company, the companies with which Hasbro competes for executive talent is diverse and intense. Further, the skills and expertise required of Hasbro's executives is complex given the diversity of our business and this continues to evolve with our refreshed Playing to Win strategy. More specifically, the Company competes with a broad range of companies that focus on digital gaming, licensing intellectual property brands, consumer products and entertainment, in the hiring and retention of executives.

The Committee, with the assistance of its independent compensation consultant, annually reviews the compensation peer group. Our peer group for 2025 included the following companies:

Crocs, Inc.	Mattel, Inc.	The Hershey Company
Electronic Arts, Inc.	Roblox Corp.	The J.M. Smucker Company
iHeartMedia, Inc.	Spin Master Corp.	Topgolf Callaway Brands Corp.
Live Nation Entertainment, Inc.	Take-Two Interactive Software, Inc.	Under Armour, Inc.

For determining the 2026 peer group, the Committee, with assistance from its independent compensation consultant, reviewed the compensation peer group and determined that it would be appropriate to remove The J.M. Smucker Company and The Hershey Company and to focus on companies in industries that more closely align to Hasbro or companies that we more closely compete with for talent. Additionally, the Committee reviewed the revenue and market capitalization of each company in the peer group to ensure that such company was an appropriate comparator and also reviewed a supplemental source of data for 2026 consisting of S&P 500 companies across general industries that have a revenue size within 0.8x to 1.2x of Hasbro. Based on this analysis, the 2026 compensation peer group is shown below, which other than the removal of The J.M. Smucker Company and The Hershey Company, is the same as 2025.

Crocs, Inc.	Mattel, Inc.	Topgolf Callaway Brands Corp.
Electronic Arts, Inc.	Roblox Corp.	Under Armour, Inc.
iHeart Media, Inc.	Spin Master Corp.	
Live Nation Entertainment, Inc.	Take-Two Interactive Software, Inc.	

Role of the Independent Compensation Consultant

In reviewing and establishing the fiscal 2025 compensation program for the Company's executive officers, the Committee received input and recommendations from representatives of Meridian, an independent compensation consultant. Meridian was retained by, and reports directly to, the Committee. Meridian advised the Committee with respect to the Committee's review of the Company's executive compensation programs and provided additional information as to whether the Company's proposed executive compensation programs were competitive, fair to the Company and the executives, reflected strong pay-for-performance alignment, provided appropriate incentive to and retention of the executives and were effective in promoting the performance of the Company's executives and achievement of the Company's business and financial goals. Meridian did not provide any other services to Hasbro in 2025.

The Committee recognizes that it is essential to receive objective advice from independent compensation consultants. Therefore, the Committee maintains a policy requiring an annual assessment of compensation consultant independence based on NASDAQ's requirements. The Committee concluded that Meridian was independent and had no conflicts of interest or other relationships that may impair their independence during their service to the Committee.

Executive Compensation Elements

The NEOs receive a mix of fixed and variable compensation. The following discussion summarizes the various elements of the executive compensation program.

Base Salary

The Company's philosophy is to review base salaries annually or more often if circumstances warrant. Increases in executive base salaries are considered: (i) in the event of increases in responsibility; (ii) to maintain market competitiveness with compensation offered to executives with similar responsibilities, expertise and experience in other companies the Company considers to be comparable to and/or competitive with the Company; and (iii) to recognize continued individual performance and contribution. Following this review in 2025, the Committee approved a base salary increase for Mr. Sibley from \$650,000 to \$700,000.

Named Executive Officer	2024 Base Salary (\$)	2025 Base Salary (\$)	% Change
Chris Cocks	\$1,500,000	\$1,500,000	—
Gina Goetter	\$1,000,000	\$1,000,000	—
John Hight	\$ 725,000	\$ 725,000	—
Tim Kilpin	\$ 850,000	\$ 850,000	—
Tarrant Sibley	\$ 650,000	\$ 700,000	8%

Variable and Performance-Based Compensation Elements

A significant portion of the total compensation opportunity for our NEOs is variable and performance-based. When structuring incentive compensation, the Committee identifies the performance metrics it considers most important for driving Company value and return to shareholders. The Committee then ties incentive compensation to performance against those metrics. For 2025, the Committee determined that the following forms of compensation and performance metrics were appropriate for aligning executive compensation with Company performance and shareholder interests.

Component Incentive Compensation	Performance Metrics	Objective	
Annual Incentive	Net Revenue	Measures annual top line growth	
	Operating Profit Dollars	Measures ability to maximize profitability and drive shareholder value	
	Individual Performance Adjustment	Measures performance against individual objectives	
Long-term Incentive	Cumulative Diluted Earnings Per Share	Measures long-term profitability	
	Performance Share Units	Total Shareholder Return	Our Relative TSR modifier promotes alignment of long-term incentive compensation award outcomes with relative shareholder returns. Modification determined based on company value, provides direct alignment with the shareholder experience of value creation.
	Restricted Stock Units	Stock Price	Provides alignment with company performance

Annual Incentive Compensation

The annual incentive plan is designed to incentivize our NEOs to achieve critical goals that drive our financial and operational results and help to enhance shareholder value. The Committee is responsible for approving performance goals and related payout levels, setting each NEO's target award opportunity and approving payouts under the annual incentive plan, each as more fully described below. The Committee reserves the right to reduce otherwise earned incentive payouts as it deems appropriate.

Target Annual Incentive Opportunity

The Committee assigned each NEO a target annual incentive award opportunity (expressed as a percentage of base salary) based on competitive market data and the executive's position, responsibilities and role. The annual incentive award opportunity was increased for Mr. Cocks in 2025 from 175% to 200% to more closely align with market as part of the planned progression of Mr. Cocks' compensation as CEO. In addition, the annual incentive award opportunity for Mr. Sibley increased in 2025 from 75% to 85% to more closely align with market.

Named Executive Officer	2025 Target Annual Incentive Award Opportunity (% of Base Salary)
Chris Cocks	200%
Gina Goetter	100%
John Hight	100%
Tim Kilpin	100%
Tarrant Sibley	85%

Each eligible named executive officer may earn between 0% and 200% of his or her target annual incentive opportunity based on achieved performance against pre-set performance goals. For financial metrics, threshold performance results in a 50% of target payout and maximum performance results in a 200% payout. The financial payouts are determined by interpolation and a payout scale that has a slower payout for modest growth with the rate increasing as performance increases. Any amounts earned are paid in cash. Individual performance for each NEO, including the CEO, is evaluated by the Committee in determining final payout amounts. Awards can be adjusted down to 0% or up to +35% based on individual performance.

Annual Incentive Performance Metrics

The following shows the performance measures assigned to each of the Named Executive Officers, together with the indicated weight based on the Company's 2025 operating plan and budget. As part of establishing the 2025 operating plan and budget, management along with the Committee underwent a rigorous goal setting process to ensure the annual incentive performance goals were in furtherance of executing on the Company's Playing to Win strategy. More specifically, the financial metrics set for the annual incentive plan took into account the Company's ongoing efforts to expand our consumer reach as a games, IP, and toy company through play fueled brand engagement and partner scaled co-investment, including video games, artificial intelligence ("AI") enabled entertainment, and licensing. To significantly extend our consumer reach and drive our revenue and profit growth, we have been focusing on five key strategic building blocks:

- **Anytime is Playtime:** Focus on winning play occasions and distribution point by making our brands accessible, relevant, and engaging wherever, whenever, and however consumers choose to play.
- **Agging Up:** Expand our consumer base and drive play and collectible experiences for fans of all ages, recognizing that consumers aged 13 and above are gaining purchase share.
- **Everyone Plays:** Engage across the play spectrum to where we under-index and capture new consumers across demographics and markets.
- **Digital and Direct:** Embrace new ways to engage with our consumers through video games, digital technology and direct-to-consumer interactions.

- **Partner Scale:** Capitalize on our partners' investments and scale to enhance our brands through strategic relationships and licensing arrangements.

With the guiding objectives of the Playing to Win strategy, the Committee approved the removal of the strategic cost savings metric and increased the emphasis on net revenue and operating profit dollars metrics for the Company and business units. The strategic cost savings metric was introduced as a temporary measure to support the Company's multi-year transformation initiatives. While disciplined cost management remains an important priority for the Company, the Committee determined that a greater focus on core financial performance metrics would more effectively align incentives with the Company's ongoing business priorities and long-term shareholder value creation. Accordingly, the Committee believed these performance metrics captured the most important aspects of the top and bottom-line performance and strategy of the Company, the Wizards Business Area, and the Toys, Games, Licensing & Entertainment ("TGLE") Business Area. The relative weighting among the performance metrics was aligned with the relative importance of those metrics, in the Committee's view, to the Company and business area's performance and the strength of the Company's business. For TGLE, the focus on returning to profitability was viewed as a key driver in the metrics. The annual incentive payout calculations, including weightings and targets, for each of the Named Executive Officers are set forth below.

Calculation of 2025 Annual Incentive Payout

The tables below show the calculation of the 2025 annual incentive award for each eligible NEO.

Mr. Cocks, Ms. Goetter and Mr. Sibley's 2025 Calculated Annual Incentive Payout Percentage

	Goal	Actual	Percentage Achievement	Final Payout %
Company Net Revenue (Weighted 50%)	\$4,111,000	\$4,607,000	112%	100%
Company Operating Profit Dollars (Weighted 50%)	\$892,000	\$1,114,000	125%	100%
<i>All numbers are in thousands, except percentages</i>	Final Payout Percentage based on Metrics			200%

Mr. Hight's 2025 Calculated Annual Incentive Payout Percentage

	Goal	Actual	Percentage Achievement	Final Payout %
Wizards Business Area Net Revenue (Weighted 40%)	\$1,601,000	\$2,150,000	134%	80%
Wizards Business Area Operating Profit Dollars (Weighted 40%)	\$650,000	\$985,000	152%	80%
Company Operating Profit Dollars (Weighted 20%)	See details above			40%
<i>All numbers are in thousands, except percentages</i>	Final Payout Percentage based on Metrics			200%

Note: For the business area to have a payout on the business area component both business area metrics must achieve the minimum threshold.

Mr. Kilpin's 2025 Calculated Annual Incentive Payout Percentage

	Goal	Actual	Percentage Achievement	Final Payout %
TGLE Business Area Net Revenue (Weighted 40%)	\$2,610,000	\$2,457,000	94%	—
TGLE Business Area Operating Profit Dollars (Weighted 40%)	\$ 322,000	\$ 157,000	49%	—
Company Operating Profit Dollars (Weighted 20%)	See details above			40%
<i>All numbers are in thousands, except percentages</i>	Final Payout Percentage based on Metrics			40%

Note: For the business area to have a payout on the business area component both business area metrics must achieve the minimum threshold.

Calculated 2025 Annual Incentive Payouts

With respect to the 2025 annual incentive plan payouts, the Committee reviewed the performance of the Company and its business areas against the annual incentive plan target metrics for fiscal year 2025. The Committee reviewed the base incentive awards that would have been received by the NEOs using the Company and business area performance against the target metrics. The Committee then determined how the NEO performed in achieving the individual strategic objectives established at the beginning of the year to determine, what, if any, adjustments should be made to the base incentive award to arrive at the final payout amount for each executive. The Committee can adjust the base incentive award down to 0% or up to +35% of the applicable base incentive award based upon the executive's performance against individual objectives.

The Committee considered the formulaic calculation of each Named Executive Officer's annual incentive bonus together with the performance of each such executive against his or her performance objectives. The Committee was pleased with the performance of each of the Named Executive Officers against objectives. After this review, the Committee believed that the formulaic calculation appropriately compensated the Named Executives for 2025, and accordingly, the Committee determined to not make individual performance modifications for the NEOs.

The table below shows each eligible NEO's final 2025 annual incentive payout.

Named Executive Officer	2025 Target Incentive Award Opportunity	2025 Final Incentive Award	Final Incentive Award as a % of Target
Chris Cocks	\$3,000,000	\$6,000,000	200%
Gina Goetter	\$ 1,000,000	\$ 2,000,000	200%
John Hight	\$ 725,000	\$ 1,450,000	200%
Tim Kilpin	\$ 850,000	\$ 340,000	40%
Tarrant Sibley	\$ 586,827	\$ 1,173,654	200%

Note: Incentive amounts shown above are calculated using fiscal year 2025 earnings.

Long-Term Incentive Compensation

The long-term incentive plan is designed to incentivize our NEOs to achieve critical sustainable long-term shareholder value and align the NEOs with shareholder interests. The Committee is responsible for approving performance goals and related payout levels, setting each NEO's target long-term incentive opportunity and approving payouts under the performance share units.

Annual Long-Term Incentive Awards

Long-term incentive compensation is provided to our NEOs in the form of performance share units and time-based restricted stock units.

The Committee approves target annual equity award values for each of the Company's executive officers and other eligible employees, which are designed to provide a strong pay-for-performance alignment. Targets are expressed as a percentage of each individual's base salary. In 2025, the Committee working closely with Meridian, performed its annual review of each element of compensation for the CEO and each NEO on an individual basis and in totality as part of overall compensation. As a result, the Committee increased the LTI target value % for Mr. Sibley from 200% to 225% of base salary to more closely align total target direct compensation with the market.

The 2025 LTI Award target value for our NEOs were as follows:

Named Executive Officer	2025 LTI Award Target Value % of Base Salary
Chris Cocks	700%
Gina Goetter	300%
John Hight	250%
Tim Kilpin	250%
Tarrant Sibley	225%

Performance Share Units

Performance Share Units ("PSU Awards") provide the recipient with the potential to earn shares of the Company's common stock based on the Company's achievement against financial performance metrics over a three-year performance period. For 2025, the Committee set the performance metric for the PSU Awards issued to our NEOs as cumulative diluted EPS (100%). The Committee selected this performance metric because it is an important driver of long-term sustainable Company performance with respect to effective profitability and balance sheet management. This metric is subject to +/- 25% modifier for the Company's relative TSR performance against the S&P 500 TSR comparator group. Beginning with awards granted in 2025, if our cumulative TSR at the end of the 3-year performance period is greater than or equal to 33%, the award vests at a minimum of 50% of target. This feature ensures that vesting is determined based on company value and provides direct alignment with the shareholder experience of value creation. The Committee believes these performance metrics are key factors in aligning pay with performance and the interests of our executives with those of our shareholders.

The following table outlines payout at threshold, target and maximum performance for the PSU Awards.

Metric	Threshold	Target	Maximum
EPS			
Performance	80%	100%	125%
Payout	50%	100%	200%
RELATIVE TSR MODIFIER			
Performance	< 25th percentile	25th - 75th percentile	>75 th percentile
Payout	-25%	No Adjustment	+25%

FY23-FY25 PSU Award

Each year the Committee reviews the PSU Awards whose performance period ends during such fiscal year to determine whether the applicable performance criteria have been satisfied. In fiscal 2023, the Committee issued a PSU Award for the three-year performance period that included fiscal 2023, 2024 and 2025 (the “FY23-FY25 PSU Award”). The Committee issued awards to Messrs. Cocks, Kilpin and Sibley. Ms. Goetter did not receive PSUs as part of her new hire award in 2023 and Mr. Hight joined Hasbro in 2024 so was not eligible for this award. After the end of the performance period, the Committee reviewed and determined that the FY23-FY25 PSU Award achieved 92% of target performance.

The following table compares the actual results achieved for the FY23-FY25 PSU against the targeted goals for the three-year performance period.

FY23-FY25 Performance Period	Target ²	Results ²	Achievement	Weighted Payout Percentage
Cumulative Diluted EPS ¹ (Weighted 50%)	\$13.69	\$12.65	92%	40%
Average ROIC (Weighted 50%)	11.9%	12.1%	101%	52%
Final Payout Percentage based on Metrics				92%

¹ Performance for cumulative Diluted EPS is calculated based on exchange rates in effect at the beginning of the relevant performance period. ROIC is return on invested capital.

² The target amounts and results have been adjusted to exclude the impact of eOne due to its divestiture in 2023.

The chart below shows the historical Performance Share Unit payouts over the last three years.

Restricted Stock Units

The Company uses Restricted Stock Units (RSUs) as an effective tool to align executives with stockholder interests by making them owners of Hasbro's stock. The restricted stock units granted as part of our fiscal 2025 annual long-term incentive award to our NEOs, represented approximately 50% of their annual targeted equity award value and vest in three equal installments on the first three anniversaries of the grant date provided the recipient remains employed with the Company through the applicable vesting dates. These are an effective compensation tool in helping us to retain critical talent and ensuring that executives have meaningful outstanding unvested equity. Pro-rata vesting is provided earlier only in the event of the death, disability, early retirement at age 55 (with at least 10 years of credited service) or retirement at age 65 (with at least 5 years of credited service) of the executive. All other terminations of employment result in forfeiture of the awards.

Dividend Equivalent Units

Beginning with employee stock incentive awards granted in 2022, the payment of cash dividends to shareholders also results in the crediting of dividend equivalent units ("DEUs") to holders of unvested RSUs and PSUs. The DEUs are credited as additional RSUs or PSUs and settled in connection with the vesting of associated awards. DEUs are forfeited in the event the underlying RSUs or PSU's do not vest.

Equity Award Granting Practices

The Committee typically approves annual long-term incentive awards for NEOs and other members of the executive leadership team each February at a regular meeting of the Compensation and Talent Committee (CEO awards are approved by the full Board of Directors). The annual grant date typically takes place within a few weeks before the end of the first quarter.

During fiscal 2025, equity awards generally were granted on regularly scheduled predetermined dates. The Committee does not grant equity awards in anticipation of the release of material non-public information and we do not time the release of material non-public information based on equity award grant dates. Beginning in 2024, Hasbro ceased granting stock options as an equity vehicle to all employees.

Benefits

The Company's executive officers participate in certain employee benefit programs provided by the Company that are offered to the Company's other full-time employees. The executive officers of the Company are eligible for life insurance benefits on the terms applicable to the Company's other employees. The Company's executive officers also participate in the same medical and dental benefit plans as are provided to the Company's other employees.

Company-Sponsored Retirement Plans

The Company provides retirement benefits to employees of the Company's U.S. operations primarily through the Hasbro, Inc. Retirement Savings Plan (the "401(k) Plan") and the Supplemental Benefit Retirement Plan (the "Supplemental Plan"). The 401(k) Plan and Supplemental Plan provide for Company matching contributions and a discretionary annual Company contribution up to 3% of aggregate salary and bonus. Executive officers are eligible to participate in the 401(k) Plan and Supplemental Plan on the same basis as all other U.S. Hasbro employees. The Supplemental Plan is intended to provide a competitive benefit for employees whose employer-provided retirement contributions would otherwise be limited. However, the Supplemental Plan is designed only to provide the benefit which the executive would have accrued under the Company's 401(k) Plan if the Code limits had not applied. It does not further enhance those benefits. The amount of the Company's contributions to our NEOs under both the 401(k) Plan and Supplemental Plan are included in the "All Other Compensation" column of the Summary Compensation Table.

The Hasbro, Inc. Pension Plan (the "Pension Plan"), a defined benefit pension plan for eligible Company employees in the United States, and the pension portion of the Supplemental Plan, was frozen effective December 31, 2007. Executive officers hired prior to December 31, 2007, continued to participate in the Pension Plan and the pension portion of the Supplemental Plan, but did not accrue additional benefits thereunder subsequent to the plan freeze on December 31, 2007. The Pension Plan subsequently was annuitized and terminated.

Non-Qualified Deferred Compensation Plan

Executive officers who are employees of the Company's U.S. operations are also eligible to participate in the Company's Non-Qualified Deferred Compensation Plan (the "Deferred Compensation Plan"), which is available to all the Company's employees based in the United States at or above selected management levels and whose annual base salary is equal to or greater than \$160,000 in 2025. The Deferred Compensation Plan allows participants to defer compensation into various measurement funds, the performance of which determines the return on compensation deferred under the plan. Potential investment choices include a fixed rate option, a choice that tracks the performance of the Company's Common Stock, and other equity indices. Earnings recorded on compensation deferred by the executive officers do not exceed the returns on the relevant investments earned by other non-executive officer employees deferring compensation into the applicable investment vehicles.

Perquisites

The Company offers perquisites that the Committee believes are reasonable yet competitive for attracting, retaining and compensating the Company's executives. The Company reimburses designated executive officers for the cost of certain tax and financial planning services they obtain from third parties provided that such costs are within the annual limits established by the Company. The 2025 annual limit on these costs for Mr. Cocks was \$25,000, and \$5,000 for each of the other NEOs. In connection with Mr. Cocks's employment agreement, the Company pays a stipend of \$125,000 per year to contribute to covering travel expenses incurred by Mr. Cocks or members of his family. This stipend replaces the reimbursement mechanism for these types of travel expenses included in his prior employment agreement. In connection with relocation, Ms. Goetter is eligible to receive up to \$50,000 for family travel expense reimbursement in 2025. Mr. Hight was eligible for up to \$50,000 in family travel expense reimbursement within the initial 12 months of employment. The cost to the Company for these perquisites is included in the "All Other Compensation" column of the Summary Compensation Table.

Severance and Change in Control Benefits

A discussion of the severance and change in control benefits that may be payable to the NEOs in certain situations, as well as the plans under which those benefits are payable, can be found below under the heading "Potential Payments Upon Termination or Change in Control."

Other Compensation Considerations

Stock Ownership Guidelines

We have rigorous stock ownership and retention guidelines applicable to our CEO and other NEOs.

Stock Ownership Guidelines*	
CEO	6X Base Salary
NEOs (other than CEO)	3X Base Salary

* Base salary, through termination of employment with the Company.

An executive has five years to achieve the stock ownership requirement level. Thereafter, during the executive's employment with the Company they must maintain the required stock ownership. All NEOs were either in compliance with the stock ownership guidelines or were within the five years they had to achieve the requisite ownership level, as of the fiscal year ended December 28, 2025.

Stock Retention Requirement

The Hasbro, Inc. Executive Stock Ownership Policy includes a requirement that executives retain 50% of any net shares realized from stock vesting or option exercises until the executive's required ownership level is satisfied.

Anti-Hedging and Pledging Policies

The Company has had a long-standing policy in place that prohibits all directors, executive officers and other employees from hedging or pledging any Company securities.

Compensation and Risk Management

As part of structuring the Company's executive compensation programs, the Committee (i) evaluates the connection between such programs and the risk-taking incentives they engender, to ensure that the Company is incentivizing its executives to take an appropriate level of business risk, but not excessive risk, and (ii) considers any changes in the Company's risk profile and whether those changes should impact the compensation structure. To achieve this appropriate level of risk-taking, and avoid excessive risk, the Committee structures the compensation program to:

- link the performance objectives under all incentive-based compensation to the strategic and operating plans of the Company which are approved by the full Board, with the Board ensuring that the goals set forth in such plans require significant performance to achieve, but are not so out of reach that they require excessively aggressive behavior to be met;
- provide for a balance of shorter-term objectives (such as the annual cash incentive plan objectives) and longer-term objectives (such as the three-year performance period under the PSU awards) to mitigate the risk that short-term performance would be driven at the expense of longer-term performance and shareholder value creation; and
- include stock ownership guidelines which require executives to maintain significant equity ownership during their entire career with the Company, thus linking personal financial results for the executives with the investment performance experienced by the Company's shareholders over a significant period of time.

In addition to the analysis performed by the Committee, the Committee also had Meridian perform a risk assessment of the Company's executive compensation programs and advise on the appropriateness of the levels of risk presented by those programs and the effectiveness of their design to mitigate risk. As a result of its analysis and the work performed by Meridian, the Committee believes the Company's compensation programs promote appropriate, but not excessive, risk-taking and are designed to best further the interests of the Company while mitigating risk.

Executive Compensation

The following table summarizes compensation paid by the Company for services rendered during fiscal 2025, 2024, and 2023 by the Named Executive Officers.

(a) For all NEOs, includes amounts deferred pursuant to the Company's 401(k) Plan and Deferred Compensation Plan.

(b) For Mr. Hight, reflects the payment of a sign-on bonus in connection with his offer of employment; the first half was paid in 2024 and the second half was paid in 2025. For Ms. Goetter, reflects the payment of a sign-on bonus in connection with her offer of employment in 2023.

(c) Reflects the grant date fair value for stock and option awards to the Named Executive Officers. Please see note 16 to the financial statements included in the Company's Annual Report on Form 10-K, for the year ended December 28, 2025, for a detailed discussion of assumptions used in valuing options and stock awards generally.

The grant date fair values included in the table for the PSU awards have been calculated based on the probable outcomes under such awards (assumed to be realization of the target values of such awards). If it were assumed that the maximum amount payable under each of the 2025 PSU awards were paid, which maximum is 250% of the target value provided financial metrics are achieved with applied relative TSR modifier, then the grant date fair values included under the stock award column for each of the named executive officers for performance shares would have been as follows: Mr. Cocks - \$13,125,154; Ms. Goetter - \$3,750,044; Mr. Hight - \$2,265,724; Mr. Kilpin - \$2,656,366; and Mr. Sibley - \$1,968,895. This is in addition to the grant date fair value of the annual grant of restricted stock units for each Named Executive Officer.

(d) These amounts consist entirely of the annual incentive awards earned by such executives under the Company's Performance Rewards Plan (Annual Incentive Plan) for the applicable year.

(e) Other than Mr. Sibley, no named executive officer has a benefit under the Pension Plan as the plan was frozen prior to the start of their tenures at Hasbro. Mr. Sibley's benefit under the Pension Plan did not change in value in 2025.

No amounts earned on balances under the supplemental plan in 2025 are considered above market.

Does not include the following aggregate amounts, in fiscal 2025, 2024 and 2023, respectively, which were earned by the executives on the balance of (i) compensation previously deferred by them under the Deferred Compensation Plan and (ii) amounts previously contributed by the Company to the executive's account under the Supplemental Plan (401(k)):

Earnings on Deferred Compensation under Deferred Compensation Plan and Amounts contributed under Supplemental Plan	2025	2024	2023
Chris Cocks	\$547,518	\$520,853	\$369,347
Gina Goetter	\$ 3,332	\$ 285	\$ —
John Hight	\$ 25,956	\$ (188)	\$ —
Tim Kilpin	\$ 11,574	\$ 4,877	\$ 1,399
Tarrant Sibley	\$ 28,810	\$ 25,635	\$ 19,754

Earnings on compensation previously deferred by the executive officers and on the Company's prior contributions to the Supplemental Plan do not exceed the market returns on the relevant investments which are earned by other participants selecting the same investment options.

- (f) Includes the following amounts for fiscal 2025, 2024 and 2023, respectively, paid by the Company for each Named Executive Officer in connection with a program whereby certain financial planning, legal and tax preparation services provided to the individual are paid for by the Company:

Financial Planning, Legal and Tax Preparation Services	2025	2024	2023
Chris Cocks	\$ 3,750	\$ 11,181	\$3,275
Gina Goetter	\$ 1,949	\$ —	\$ —
John Hight	\$ —	\$ —	\$ —
Tim Kilpin	\$5,000	\$ —	\$ —
Tarrant Sibley	\$ 2,622	\$2,350	\$ —

For Mr. Cocks, the amounts in 2025, 2024 and 2023 include \$125,000, \$125,000 and \$104,875, respectively, related to family travel expenses. The amounts in 2025 also include matching charitable contributions made in the name of Mr. Cocks for \$10,000. The amounts in 2023 also include \$392,606 in payments related to his relocation, and \$70,059 in additional gross-up payments intended to negate the impact of taxes on the relocation benefits.

For Ms. Goetter, the amounts in 2025, 2024 and 2023 include \$14,914, \$35,896 and \$36,484, respectively, related to family travel expenses, as well as matching charitable contributions made in 2024 in the name of Ms. Goetter for \$1,250. The amounts in 2023 also include \$66,420 in payments related to her relocation and \$55,095 in additional gross-up payments intended to negate the impact of taxes on the relocation benefits.

For Mr. Hight, the amounts in 2025 and 2024 include \$17,160 and \$51,938, respectively, related to his relocation. The amounts in 2025 include \$1,078 in additional gross-up payments intended to negate the impact of taxes on the relocation benefits, \$1,578 related to family travel expenses, as well as \$14,504 related to personal travel expenses. The amounts in 2024 include \$35,627 in additional gross-up payments intended to negate the impact of taxes on the relocation benefits, as well as \$29,197 related to family travel expenses.

For Mr. Kilpin, the amount in 2025 includes matching charitable contributions in the name of Mr. Kilpin for \$1,000. The amounts in 2024 and 2023 include \$22,380 and \$72,369, respectively, related to family travel expenses, as well as matching charitable contributions made in 2024 in the name of Mr. Kilpin for \$500. The amounts in 2023 also include \$101,571 in payments related to his relocation and \$87,119 in additional gross-up payments intended to negate the impact of taxes on the relocation benefits.

For Mr. Sibley, the amount in 2025 includes matching charitable contributions in the name of Mr. Sibley for \$565.

For NEOs, the amounts include the Company's matching contribution to each executive's savings account and the annual company contribution for each executive under the 401(k) Plan and the Supplemental Plan, with such amounts as follows:

Matching Contributions	2025	2024	2023
Chris Cocks	\$533,672	\$275,520	\$135,000
Gina Goetter	\$ 241,875	\$ 123,865	\$ 19,038
John Hight	\$ 96,620	\$ 12,046	\$ —
Tim Kilpin	\$153,000	\$ 118,812	\$ 51,490
Tarrant Sibley	\$ 136,174	\$ 84,111	\$ 71,948

These amounts are in part contributed to the individual's account in the 401(k) Plan and, to the extent in excess of certain Code maximums, deemed allocated to the individual's account in the Supplemental Plan (401(k)).

The following table sets forth certain information regarding grants of plan-based awards for fiscal 2025 to the Named Executive Officers.

- (a) These management incentive awards were made pursuant to the Company's Performance Rewards Plan (Annual Incentive Plan).
- (b) All of these PSU awards were granted pursuant to the Company's Restated 2003 Stock Incentive Performance Plan, as amended (the "2003 Plan"). These awards provide the recipients with the ability to earn shares of the Company's Common Stock based on the Company's achievement of stated cumulative diluted EPS and Total Shareholder Return over a three-year period including fiscal years 2025 through 2027. Each PSU award has a target number of shares of Common Stock associated with such award which may be earned by the recipient if the Company achieves the stated EPS targets set for the performance period and may be modified by the TSR performance. For PSUs granted in 2025, if absolute TSR over the performance period achieves at least 33% and the underlying EPS performance is otherwise below the threshold required for vesting, 50% of the target shares will vest.
- (c) All of these restricted share units were granted pursuant to the 2003 Plan. These units vest in equal annual installments over the first three anniversaries of the date of grant. Awards may be eligible for accelerated vesting in connection with a change-in-control or certain termination scenarios, as described more fully below under "Potential Payments Upon Termination or Change in Control; Agreements and Arrangements Providing Post Employment and Change in Control Benefits."

a) The Supplemental Plan is the lump-sum value as of December 31, 2025 of the benefit earned as of December 31, 2025, reflecting credited service and five-year average compensation as of the plan freeze date of December 31, 2007, and current statutory benefit and pay limits as applicable. Certain assumptions were used to determine the lump-sum values and are outlined below. These assumptions are consistent with those used for financial statement purposes, except that the Named Executive Officer is assumed to continue to be employed until the assumed retirement age (i.e., there will be no assumed termination for any reason, including death or disability). The assumptions are as follows: (i) measurement date is December 28, 2025, (ii) the Supplemental Plan benefits lump sum amounts are based on interest rates as prescribed in Code Section 417(e)(3)(C) for August, 2025 and the mortality table as prescribed by Code Section 417(e)(3)(C) as prescribed by the Secretary of the Treasury for payments made in 2026, and (iii) all values are estimates only; actual benefits will be based on the selected retirement date.

(b) The Pension Plan was frozen prior to Messrs. Cocks, Hight, Kilpin, and Ms. Goetter joining the Company.

The following table provides information with respect to fiscal 2025 for each Named Executive Officer regarding defined contribution plans and other plans which provide for the deferral of compensation on a basis that is not tax-qualified.

- (a) Both the executive and registrant contributions above are also disclosed in the preceding Summary Compensation Table as either salary, non-equity incentive plan compensation or under all other compensation, as applicable. Registrant contributions earned during 2025 and credited to the account during 2025 as well as executive contributions on amounts earned during 2025 but paid in 2026 are included in the table above.
- (b) The aggregate earnings in the last fiscal year include earnings on amounts deferred by the individual in years prior to fiscal 2025.
- (c) Includes registrant and executive contributions on amounts earned during 2025 but credited during 2026. In addition to the amounts contributed for 2025, the amounts below were reported as compensation in prior year's Summary Compensation Tables.

Chris Cocks	\$1,617,406
Gina Goetter	\$ 105,403
John Hight	—
Tim Kilpin	\$ 113,002
Tarrant Sibley	\$ 42,248

Amounts included in the “Non-Qualified Deferred Compensation and Other Deferred Compensation” table above consist of executive deferrals and registrant contributions under the Supplemental Plan and the Non-Qualified Deferred Compensation Plan, each of which are described below.

Supplemental Plan

Each of our NEOs participated in the Supplemental Plan. All registrant contributions reflected in the preceding table were allocated to the Supplemental Plan. Elective deferrals are not permitted under the Supplemental Plan. Account balances received interest at the rate of 4% per year for 2025. This rate reflects the 2025 return, less an allowance for certain expenses, paid by the insurance companies providing this corporate owned life insurance product to

Hasbro. Matching contributions are fully vested at all times while the annual discretionary Company and transition contributions are subject to a 3-year vesting requirement, however remaining benefits are subject to forfeiture for violations of non-competition or confidentiality obligations or for termination due to certain criminal acts involving Company property. Benefits under the Supplemental Plan are payable as a lump sum upon termination of employment (including retirement and death), subject to a six-month waiting period under Code Section 409A, as applicable.

Non-Qualified Deferred Compensation Plan

The Deferred Compensation Plan is available to all of the Company's U.S. based employees who are at or above job level 7 and whose base compensation is equal to or greater than \$160,000 for 2025, including our NEOs. Participants may defer up to 75% of their base salary and 85% of the awards they are paid under the Company's non-equity incentive plans. Participant account balances are credited with earnings based on the participant's selection from the list of measurement funds offered in the plan, including a fixed rate option. The allocation of investments may be changed as often as daily, with the exception of the Hasbro Stock Fund and the fixed rate option. Selection of the Hasbro Stock Fund is made once per year and becomes effective the following January, while the selection of the fixed rate option fund is made twice per year and becomes effective the following month.

Rates of return earned (lost) by our NEOs are the same as the rates of return earned (lost) by other participants selecting the same investment choices. As such, the Company does not consider these rates of return to be "above-market" within the meaning of the rules of the SEC.

Generally, account balances under the plan may be paid as a lump sum or in installments over a five, ten or fifteen-year period following the termination of employment, except amounts designated as short-term payouts which are payable at a pre-selected date in the future. Account balances may be distributed prior to retirement in the event of a financial hardship, but not in excess of the amount needed to meet the hardship.

Potential Payments Upon Termination or Change in Control

The following table provides information as to the value of incremental payments and other benefits that would have been received by our NEOs upon a termination of their employment with the Company due to various types of situations, including upon a change in control of the Company, assuming such termination and change in control had taken place on December 26, 2025 (the last trading day of the Company's 2025 fiscal year), and based on any agreements with our NEOs in place as of December 28, 2025. The benefits reflect the closing price of the Company's Common Stock of \$82.56 on December 26, 2025, where appropriate. Following these tables is a narrative description of the plans and agreements pursuant to which these payments and benefits are payable.

In addition to the benefits detailed in the following tables, our NEOs are eligible to receive vested benefits under the Company's pension plans and deferred compensation plans, to the extent applicable, which are quantified in the preceding tables in this Proxy Statement. In addition, Messrs. Cocks, Kilpin and Sibley are eligible to receive benefits under stock options held by such executive officers which are vested and exercisable as of the date of their termination.

Our NEOs would not receive any incremental payments or other benefits if they voluntarily resigned from the Company (except resignation for Good Reason, where noted) or were involuntarily terminated by the Company for cause.

(a) "Involuntary Termination" not in a change in control scenario means termination by the Company without Cause.

(b) "Involuntary Termination" in a change of control scenario means termination by the Company without Cause or termination by the executive for Good Reason.

(c) Other benefits include the Company's cost of continued health and welfare benefits coverage and outplacement services.

(d) Includes the value of accelerated equity awards pursuant to the terms of the plan, award agreement or individual employment or change in control agreement, as applicable, and summarized below. For awards whose vesting is based on actual performance, the calculations assume a target level of performance is achieved.

Agreements and Arrangements Providing Post Employment and Change in Control Benefits

The Company provides post-employment benefits through broad-based programs as well as individual agreements for certain executives. Benefits provided through each of the following programs are summarized below and the value of these benefits in various situations is included in the preceding tables.

- Hasbro Equity Incentive Plans
- Hasbro Severance Benefits Plan
- Employment Agreement with Chris Cocks
- Employment Relationships with Gina Goetter, John Hight, Tim Kilpin, and Tarrant Sibley
- Change in Control Severance Plan for Designated Senior Executives

Benefits Under Hasbro Equity Incentive Plans

The executive officers of the Company and certain of the Company's other employees have received outstanding equity awards, in the form of stock options, restricted stock units and/or performance share units, under the 2003 Plan.

Unless modified by the individual employment agreements or equity grant agreements entered into between the Company and an executive officer, all equity awards (including stock options, restricted stock grants, deferred restricted stock units and performance share units) under all of the Company's equity incentive plans are subject to the post-termination provisions which are summarized below, based on the type of termination or the occurrence of a change of control.

Effect of a Change of Control

Option awards, shares of restricted stock, restricted stock units and the target number of shares subject to performance share units, will vest upon a change in control only if the executive officer's employment is terminated by the Company without Cause, or by the executive for Good Reason, each as defined under the 2003 Plan within twenty-four (24) months following a Change of Control, as defined under the 2003 Plan. If an award should vest in accordance with these terms, it is settled in a similar manner as described above for the respective award, but calculated as of the date of the executive's termination of employment based on the then fair market value of the stock.

Disability Termination

If an executive officer's employment with the Company is terminated due to a permanent disability of such officer, then, except to the extent this treatment is modified in an individual officer's employment agreement, for such officer's outstanding equity awards: (i) all unvested stock option awards immediately vest and become exercisable for a period of one year following the date of such disability, (ii) a pro-rata portion, reflecting the portion of the total vesting period which has elapsed, of restricted stock unit awards immediately vest provided they have greater than 1 year service and (iii) outstanding performance share units remain outstanding for the remainder of the performance period and at the end of the performance period the number of shares which would have been earned under the award is pro-rated based on the portion of the performance period prior to the officer's termination due to disability and such pro-rated number of shares is paid to the officer provided they have greater than 1 year of service.

Termination due to Death of an Officer

If an executive officer's employment with the Company terminates due to the officer's death, then, except to the extent this treatment is modified in an individual officer's employment agreement, for such officer's outstanding equity awards (i) all unvested stock option awards immediately vest and become exercisable for a period of one year following the date of death or the appointment of the executor of such officer's estate, (ii) a pro-rata portion, reflecting the portion of the total vesting period which has elapsed, of restricted stock unit awards immediately vest provided they have greater than 1 year of service and (iii) outstanding performance share units are paid out based on the pro-rated portion of the performance period completed prior to the officer's death, with such pro-rated period applied to the target number of shares subject to such awards.

Retirement

Upon retirement of an executive officer, except to the extent this treatment is modified in an individual officer's employment agreement, outstanding equity awards are treated in the following manner: (i) if the retirement qualifies as normal retirement, where the officer is 65 or older and has five or more years of service with the Company, all stock option awards vest and become exercisable for a period of one year following retirement and (ii) if it qualifies as normal retirement or early retirement, a pro-rata portion, reflecting the portion of the total vesting period which has elapsed, of restricted stock unit awards immediately vest and unearned performance share units remain outstanding for the remainder of the performance period and at the end of the period the number of shares which are actually earned are pro-rated for the portion of the performance period during which the officer was employed and such pro-rated portion is paid to the retired executive.

Other Voluntary or Involuntary Terminations

For all other terminations of employment of an executive officer, either voluntary or involuntary, except to the extent this treatment is modified in an individual officer's employment agreement or by action of the Committee, no additional vesting of equity awards occurs as a result of termination but (i) stock options that were currently exercisable prior to termination remain exercisable for a period of three months following the date of termination and (ii) all unvested restricted shares and stock units, and unearned performance share units, are forfeited.

Hasbro Severance Benefits Plan

The Company's U.S. Severance Benefits Plan provides for a basic level of severance benefits and a more substantial level of benefits, subject to the individual signing a severance agreement acceptable to the Company. These benefits are provided if the executive is terminated by the Company without cause, unless such benefits are superseded by the benefits provided under the terms of an officer's employment agreement. The benefits shown in the preceding tables assume that the individual signs an acceptable severance agreement. For each of Ms. Goetter, Messrs. Hight, Kilpin and Sibley, the tables reflect the following benefits under the Company's Severance Benefits Plan: (i) continuation of base salary equal to 52 weeks, (ii) continuation of Health & Welfare benefits for the same period including medical, dental, vision and life insurance, with the Company sharing the cost at the same rate as a similarly situated active employee and (iii) participation in an outplacement program. The amount shown in the tables above assumes one year of participation for each of these executives. However, benefits under the Company's Severance Benefits Plan cease upon re-employment of an executive, provided that if the individual notifies the Company of the new employment, the Company will provide a lump sum equal to 50% of the remaining severance pay as of the date of new employment.

Employment Agreement with Chris Cocks

On May 22, 2024, the Company entered into an amended and restated employment agreement (the "Amended Employment Agreement") with Chris Cocks, the Company's CEO. The Amended Employment Agreement extended the term of Mr. Cocks's employment until December 31, 2027, unless earlier terminated or further extended in accordance with the Amended Employment Agreement. Thereafter, the Amended Employment Agreement will automatically renew for additional one-year periods unless prior written notice of non-renewal is provided to the other party in accordance with the terms of the Amended Employment Agreement. If the Company provides notice that the term will not be renewed, such notice will be treated as a termination without "Cause" under the Amended Employment Agreement.

Under the Amended Employment Agreement, Mr. Cocks's target annual management incentive plan bonus and target long-term equity incentive plan award shall be reviewed periodically in accordance with the Company's compensation philosophy, market conditions and other factors deemed relevant by the Committee. For fiscal 2025, Mr. Cocks's long-term equity incentive plan target was 700% and his target management annual incentive bonus was 200%.

Treatment Following Various Terminations of Employment

Mr. Cocks is eligible for severance in the event Hasbro terminates his employment without Cause (as defined in the Amended Employment Agreement) or if Mr. Cocks resigns for Good Reason (as defined in the Amended Employment Agreement).

- *Upon Termination by Hasbro Without Cause, or by Mr. Cocks for Good Reason, Within 24 Months Following a Change in Control.* Mr. Cocks is eligible to receive (i) a lump sum payment equal to three times his then-current base salary and annual incentive plan target bonus, (ii) a pro-rated annual incentive plan bonus for the year in which the termination occurs based on target company performance (a "Pro-Rata Bonus"), (iii) certain premium payments by Hasbro for continued medical and dental insurance under COBRA for up to 24 months from the effective date of termination, (iv) accelerated vesting of (and lapse of restrictions on) all unexpired, unvested stock options and time-based restricted stock units, and (v) vesting of performance share units, vesting at target for the full performance period.
- *Upon Termination by Hasbro Without Cause, or by Mr. Cocks for Good Reason, Prior to, or More than 24 Months Following, a Change in Control.* Mr. Cocks is eligible to receive (i) payment of an amount equal to his then-current base salary for a period of 24 months, (ii) two times his then-current annual management incentive plan target bonus payable in equal installments over a period of 24 months, (iii) a pro-rated annual management incentive plan bonus for the year in which the termination occurs, based on actual company performance (a "Pro-Rata Bonus"), (iv) certain premium payments by Hasbro for continued medical and dental insurance under COBRA for

up to 24 months from the effective date of termination, (v) accelerated vesting of (and lapse of restrictions on) all unexpired, unvested stock options and time-based restricted stock units and a one-year exercise period for stock options, and (vi) pro-rated vesting of performance share units, which will remain outstanding for their performance periods and at the end of the applicable periods Mr. Cocks will receive a pro-rata share (based on the portion of the performance periods that had elapsed as of the date of termination of employment) of the actual number of shares earned under such awards based on company performance (“Pro-Rata PSU Vesting”), payable at the end of the performance periods (“Pro-Rata PSU Vesting Schedule”).

- Following expiration of the term of the CEO Employment Agreement, if Hasbro does not offer to extend the term for at least an additional year on comparable terms and conditions as those set forth in the CEO Employment Agreement or the parties cannot otherwise mutually agree upon the terms of an agreement for Mr. Cocks to remain employed with Hasbro, then Mr. Cocks is eligible to receive (i) payment of his then-current base salary for a period of 18 months following the date of termination of employment, (ii) an amount equal to 1.5 times his target bonus, payable in equal installments over an 18 month period from the effective date of termination, (iii) certain premium payments by Hasbro for continued medical and dental insurance under COBRA for up to 18 months from the effective date of termination, (iv) a Pro-Rata Bonus for the year in which the date of termination occurs, and (v) Pro-Rata PSU Vesting of performance share units in accordance with the Pro-Rata PSU Vesting Schedule. All outstanding equity awards other than the performance share units shall be treated in accordance with their terms, without any forward vesting.
- If Mr. Cocks’s employment terminates by reason of his death or Disability (as defined in the CEO Employment Agreement), Mr. Cocks (or his estate) is entitled to receive the Pro-Rata Bonus, as well as accelerated vesting of (and lapse of restrictions on) all unexpired, unvested stock options and time-based restricted stock units and a one-year exercise period for stock options. In addition, if the termination of employment is due to Disability, he will be entitled to Pro-Rated PSU vesting pursuant to the Pro-Rata PSU Vesting Schedule based on actual company performance over the periods. If the termination of employment is due to death, Mr. Cocks’s estate or beneficiaries shall be issued the number of shares of common stock that is computed by multiplying: (i) the target number of shares corresponding to 100% achievement of the performance metrics multiplied by (ii) a fraction, the numerator of which is the number of days from the start of the applicable performance period to the date of termination and the denominator of which is the total number of days in the applicable performance period.

The Employment Agreement contains certain post-employment restrictions on Mr. Cocks, including non-competition and non-solicitation provisions.

Employment Relationships with Gina Goetter, John Hight, Tim Kilpin, and Tarrant Sibley

With the exception of Mr. Cocks, our other NEOs are employed pursuant to offer letters on an at-will basis, meaning their employment may be terminated at any time by either the executive or the Company. Each of these Named Executive Officers participates on the same basis as other eligible executives in the Company’s standard Severance Benefits Plan.

Change in Control Severance Plan for Designated Senior Executives

The Company maintains the Hasbro, Inc. Change in Control Severance Plan for Designated Senior Executives (the “Change in Control Plan”). In fiscal 2025, participants in the Change in Control Plan included each of the NEOs while they were Section 16 officers. Under the Plan, if a Change in Control (as defined in the Change in Control Plan) occurs and the covered executive’s employment is terminated by the Company without Cause (as defined in the Change in Control Plan) or the covered executive resigns from the Company with Good Reason (as defined in the Change in Control Plan) in the 24 month period following the Change in Control, the covered executive will be entitled to the following payments and benefits: (A) two times (i) the sum of the covered executive’s annual base salary in effect on the date of termination (or, if higher, immediately preceding the Change in Control) and (ii) the percentage of earned salary, which constitutes the target bonus for the covered executive assuming target

Company performance under the annual incentive plan in place at the time of termination, and (B) payment by the Company of the employer and employee premiums for continued health coverage for the covered executive and his/her covered dependents for the shorter of 18 months following cessation of employment and the period for which the individuals are eligible for and elect such coverage.

The annual base salary and target bonus payouts will be reduced by an amount equal to the total severance payments to which the covered executive is entitled to receive or will receive under any other severance plan, policy or individual agreement applicable to the covered executive's employment termination. The severance payments and benefits above are subject to the covered executive complying with a non-competition covenant, which is effective while the covered executive is employed by the Company and for a period of 18 months after the covered executive's employment ends, regardless of the reason for the termination of employment. The Change in Control Plan does not provide for any tax gross-ups and does not provide benefits to the executive unless their employment with the Company is terminated.

CEO Pay Ratio

We are providing the following disclosure in accordance with the requirement of Section 402(u) of Regulation S-K promulgated by the SEC (the "SEC rules"). For purposes of calculating the CEO pay ratio for 2025, we used the same median employee identified in 2024. The Company believes there have been no changes in its employee population or compensation arrangements that would result in a significant change to the median employee. Accordingly, the median employee was not re-identified for 2025.

As of year-end 2025, we employed approximately 4,520 people worldwide, with approximately 58% of our employees in North America (51% in the United States; 7% in Canada), 19% in Europe, 18% in Asia Pacific, and 5% in Latin America (includes Mexico).

We determined that the median employee's total compensation (as would be computed for purposes of the Summary Compensation Table) was \$113,241. The 2025 total compensation for our CEO, Mr. Cocks, as shown in our Summary Compensation Table above, is \$18,672,521. As a result, our estimate of the ratio of CEO pay to median employee pay, with our CEO, is 165:1.

This ratio is a reasonable estimate calculated using a methodology consistent with the SEC rules. As the SEC rules allow for companies to adopt a wide range of methodologies, to apply country exclusions and to make reasonable estimates and assumptions that reflect their compensation practices to identify the median employee and calculate the CEO pay ratio, the pay ratios reported by other companies may not be comparable to the pay ratio reported above.

Pay Versus Performance

The following table provides information regarding compensation paid to the Company's Chief Executive Officer and other Named Executive Officers along with the cumulative total shareholder return of the Company and the Total Shareholder Return of the Russell 1000 Consumer Discretionary Index, the Company's net income and the Company's revenue, which is the Company's most important financial performance measure used by the Company to link compensation actually paid to the Company's named executive officers, for 2025, to Company performance.

John Frascotti, Darren Throop & Dolph Johnson (2021), Mr. Throop (2022), Ms. Cynthia Williams and Mr. Eric Nyman (2022 and 2023), Ms. Goetter and Mr. Kilpin (2023, 2024 and 2025), Mr. Sibley (2023 and 2025), Matt Austin (2024) and Mr. Hight (2024 and 2025).

(2) This table describes the adjustments, each of which is prescribed by SEC rule, to calculate the CAP Amount from the SCT Amount. The SCT Amount and the CAP Amount do not reflect the actual amount of compensation earned by or paid during the applicable year, but rather are amounts determined in accordance with SEC rules contained in Item 402 of Regulation S-K under the Exchange Act.

(3) Amounts presented are averages for the entire group of other NEOs.

(4) Total Shareholder Return (TSR) data is calculated based on an initial measurement date of December 27, 2020 and reflects: for 2025 - 5 year (December 27, 2020 - December 28, 2025); for 2024 - 4 year (December 27, 2020 - December 29, 2024); 2023 - 3 year (December 27, 2020 - December 31, 2023); 2022 - 2 year (December 27, 2020 - December 25, 2022); and for 2021 - 1 year (December 27, 2020 - December 26, 2021).

Financial Performance Measures

The following table lists the most important financial performance measures used to link compensation actually paid to our NEOs for 2025 to Company performance.

Performance Measure	Company Selected Measure	Short-Term Incentive Measure	Performance Share Unit Performance Measure
Net Revenue	X	X	
Operating Profit Dollars		X	
EPS			X
Total Shareholder Return			X

Relationship Between Pay and Financial Performance

The charts below reflect the relationship between Mr. Cocks, Mr. Richard Stoddart (interim CEO from 2021 to 2022) and Mr. Brian Goldner (former CEO during 2021) and the other NEOs Average CAP compared to Hasbro's revenue, TSR and net income over the five most recently completed fiscal years in accordance with the methodology described above.

Compensation Committee Interlocks and Insider Participation

The members of the Committee as of the 2025 fiscal year end were Darin Harris (Chair), Lisa Gersh and Elizabeth Hamren. None of the members of the Committee during fiscal 2025 had at any time been an officer or employee of the Company or of any of its subsidiaries. No executive officer of the Company served as a member of the Committee or Board of any other entity which had an executive officer serving as a member of the Company's Board or the Committee during fiscal 2025. There were no transactions in 2025 between the Company and any member of the Committee for any part of 2025 that would require disclosure under Item 404 of Regulation S-K of the rules and regulations of the SEC.

Shareholder Advisory Vote on Compensation for Named Executive Officers (Proposal 2)

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” ADVISORY APPROVAL OF THE COMPANY’S COMPENSATION FOR ITS NAMED EXECUTIVE OFFICERS.

Pursuant to Section 14A of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), we are seeking shareholder approval for the compensation of our Named Executive Officers, as such compensation is described in this Proxy Statement under the headings “Compensation Discussion and Analysis” and “Executive Compensation”. Shareholders are urged to carefully review the “Compensation Discussion and Analysis” and “Executive Compensation” sections of this Proxy Statement.

Shareholders are being asked to vote on the following advisory resolution:

RESOLVED, that the shareholders of Hasbro, Inc. approve, on an advisory basis, the compensation of the Company’s Named Executive Officers, as such compensation is disclosed pursuant to the rules of the Securities and Exchange Commission in this Proxy Statement under the headings “Compensation Discussion and Analysis” and “Executive Compensation.”

At our 2023 Annual Meeting we recommended to our shareholders that we have an annual advisory vote on the compensation of our Named Executive Officers. The recommendation of having this vote annually was overwhelmingly supported by our shareholders, with 91.0% of the shares voting on that proposal indicating they supported an annual vote. In keeping with the expressed interests of our shareholders, we will continue to have annual advisory votes on the compensation of our Named Executive Officers.

Hasbro has engaged regularly with our shareholders on financial, compensation and ESG matters for years. We do this as part of our commitment to be responsive to shareholders and to ensure that our actions are informed by the viewpoints of you, our investors. The views expressed by our shareholders on our executive compensation programs are carefully considered by the Compensation and Talent Committee and the full Board of Directors as they design our compensation programs. Feedback from our investors is taken into account by the Compensation and Talent Committee in structuring our executive compensation program. At our 2025, 2024 and 2023 Annual Meetings approximately 96.7%, 87.6% and 91.4%, respectively, of the shares voting approved the compensation of our Named Executive Officers.

We have designed our compensation programs for our Named Executive Officers in the way we believe enables the Company to attract, retain and motivate top executive talent, maximizes the performance of those executives in furthering the objectives of the Company, aligns our realized executive compensation with the Company’s performance in meeting its financial and strategic objectives and with the delivery of total shareholder return, and promotes the creation of long-term shareholder value, all while containing the cost of the executive compensation program to a level the Compensation and Talent Committee believes is reasonable and appropriate. To further these objectives, the vast majority of the compensation opportunity for our Named Executive Officers is tied to achievement of Company and/or business unit performance targets which are based upon the Board-approved operating and strategic plans and/or to increases in the value of our stock. We design our executive compensation program in the way we believe best promotes the interests of you, our shareholders, and we are committed to being responsive to the views of our shareholders on our compensation programs and governance practices.

Approval

Although the vote is non-binding, the Board of Directors and Compensation and Talent Committee of the Company will carefully consider the results of this vote in connection with their ongoing evaluation, and establishment, of the Company’s compensation arrangements and programs for the Company’s Named Executive Officers.

The affirmative vote of a majority of the shares of Common Stock present (in person or by proxy) and entitled to vote at the Annual Meeting on this shareholder advisory vote is required for approval of the resolution. Abstentions are considered shares entitled to vote on the proposal, and as such, abstentions are the equivalent of a vote against the proposal. In contrast, broker non-votes are not counted as present and entitled to vote on the proposal for purposes of determining if the proposal receives an affirmative vote of a majority of the shares present and entitled to vote.

Proposal to Ratify the Selection of KPMG LLP as the Company's Independent Registered Public Accounting Firm for the 2026 Fiscal Year (Proposal 3)

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE “FOR” RATIFICATION OF THE SELECTION OF KPMG AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR FISCAL 2026.

The Audit Committee has selected KPMG LLP (“KPMG”), independent registered public accounting firm, to perform the integrated audit of the consolidated financial statements and effectiveness of internal control over financial reporting of the Company for the fiscal year ending December 27, 2026 (“Fiscal 2026”), and the Company's Board has ratified this selection. A representative of KPMG is expected to be present at the Annual Meeting, will have the opportunity to make a statement if so desired, and will be available to respond to appropriate questions.

The Board is submitting the selection of KPMG as the Company's independent registered public accounting firm for Fiscal 2026 to the shareholders for their ratification. The Audit Committee of the Board bears the ultimate responsibility for selecting the Company's independent registered public accounting firm and makes the selection it deems best for the Company and the Company's shareholders. As such, the failure by the shareholders to ratify the selection of the independent registered public accounting firm made by the Audit Committee will not require the Audit Committee to alter its decision. Similarly, ratification of the selection of KPMG as the independent registered public accounting firm does not limit the Committee's ability to change this selection in the future if it deems appropriate. The Report of the Audit Committee following this proposal contains a discussion of the factors considered by the Audit Committee in selecting the independent registered public accounting firm.

In connection with submitting the selection of KPMG as the Company's independent registered public accounting firm for Fiscal 2026 to the shareholders for their ratification the Audit Committee notes:

- The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm retained to audit the Company's financial statements. The Audit Committee has appointed KPMG LLP as the Company's independent external auditor for Fiscal 2026.
- Peat, Marwick, Mitchell & Co. was retained by the Company as its external auditor and issued an auditors' report in connection with the Company's initial public offering of stock in 1968. KPMG was formed in 1987 when Peat Marwick International and Klynveld Main Goerdeler merged along with their respective member firms. As such, KPMG, or a predecessor firm of KPMG, has been retained as the Company's external auditor since at least 1968.
- In order to assure continuing auditor independence, the Audit Committee periodically considers whether there should be a regular rotation of the independent external audit firm. Among other things, the Audit Committee considers the importance of the external audit firm's understanding our business, the firm's expertise and qualifications, external audit firms we retain for other company purposes, such as M&A, tax and other advisory services, and firms retained by our competitors.
- In conjunction with the mandated rotation of KPMG's lead engagement partner for the Company, the Audit Committee and its Chair are involved in reviewing and considering the selection of the replacement lead engagement partner.
- The members of the Audit Committee and the Board believe that the continued retention of KPMG LLP to serve as the Company's external auditor is in the best interests of the Company and its investors.

Approval

The affirmative vote of a majority of the shares of Common Stock present (in person or by proxy) and entitled to vote at the Annual Meeting on the ratification of the selection of KPMG is required for approval. Abstentions are considered shares entitled to vote on the proposal and as such abstentions are the equivalent of a vote against the proposal.

Report of the Audit Committee of the Board of Directors

The Audit Committee is comprised solely of non-employee directors, each of whom has been determined by the Board to be independent under the Company's Standards for Director Independence and the requirements of The NASDAQ Stock Market's corporate governance listing standards.

All members of our Audit Committee possess significant financial, business and accounting expertise.

- Ms. Cochran, Chair of the Committee, joined the Madrona Venture Group as a partner in 2017, served as Managing Director from 2018 to 2025, and became Venture Partner effective in January 2026. Prior to that, Ms. Cochran served in senior finance positions with several companies, most recently as Chief Financial Officer of King Digital Entertainment plc from 2013 to 2016, and as Chief Financial Officer of Clearwire, Inc. prior to that.
- Mr. Bowser served in various senior executive leadership roles for Nintendo of America Inc., including President and Chief Operating Officer from 2019 until his retirement in 2025. Prior to that, Mr. Bowser spent eight years at Electronic Arts, most recently as Vice President of Global Business Planning, and 23 years for Proctor & Gamble in various sales leadership roles.
- Mr. Mahoney served as Chief Executive Officer of Nexon Co. Ltd., a global digital gaming company, from 2014 until 2024, and prior to that was Chief Financial Officer of Nexon between 2010 and 2014 where he was responsible for managing the Company's finances, global operations, investments and strategic alliances.

The Audit Committee operates under a written charter, which is available on the Company's website at <https://hasbro.gcs-web.com/corporate-governance>. Under the charter, the Audit Committee's primary purpose is to:

- Appoint the independent registered public accounting firm (hereafter referred to as the independent auditors) and oversee the independent auditors' work; and
- Assist the Board in its oversight of the:
 - integrity of the Company's consolidated financial statements and financial reporting;
 - Company's compliance with legal and regulatory requirements;
 - Company's system of internal controls;
 - Company's significant financial and other risks and exposures;
 - independent auditors' qualifications and independence;
 - performance of the Company's internal audit function and independent auditors; and
 - the Company's programs, governance, systems, controls and procedures relating to cybersecurity, data privacy and data protection.

In carrying out these responsibilities the Audit Committee reviews all earnings releases and quarterly and annual financial reports prepared by management, and discusses such releases and reports with management, prior to their issuance and filing with the SEC. The Audit Committee supervises the relationship between the Company and the independent auditors and has direct responsibility for the appointment and compensation of the independent auditors, as well as for reviewing and approving the scope of the audit and all audit and permitted non-audit services.

The Committee met twelve (12) times during 2025. Many of the Committee's meetings include executive sessions in which the Committee meets separately with the independent auditors, the Company's head of internal audit and with members of the Company's management.

As part of its oversight function, the Audit Committee discusses with the Company's internal auditor and independent auditors, with and without management present, the overall scope and plans for their respective audits, and the Committee approves such audit plans. The Audit Committee reviews the Company's programs and key initiatives to implement and maintain effective internal controls over financial reporting and disclosure controls, including the Company's code of conduct. The Audit Committee maintains procedures for receipt, retention and treatment of complaints regarding accounting, internal accounting controls and auditing matters, as well as a policy regarding the hiring of former employees of the independent auditor.

The Audit Committee assists the Board in risk oversight for the Company by reviewing and discussing with management, internal auditors, internal legal and compliance personnel and the independent auditors the Company's significant financial and other risks and exposures, and guidelines and policies relating to enterprise risk assessment and risk management, such as cybersecurity and data privacy, including the Company's procedures for monitoring and controlling such risks.

The Audit Committee meets with the Company's head of internal audit, and with the independent auditors, with and without management present, to discuss the results of their audits, the evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. The Audit Committee reviews and discusses with management and the independent auditors all annual and quarterly consolidated financial statements and Management's Discussion and Analysis of Financial Condition and Results of Operations prior to their filing with the SEC. The Audit Committee also discusses with management, on a quarterly basis, management's evaluation of the Company's internal controls over financial reporting and disclosure controls.

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the Company's independent auditors. In selecting the independent auditor the Audit Committee reviews the recent and historical performance of the current independent auditors and their expertise and capability in handling the types and breadth of issues facing the Company and the geographic reach of the Company's business, discusses with management their view on the performance of the auditor, reviews and discusses the results of the most recent Public Company Accounting Oversight Board (United States) (PCAOB) and peer reviews of the current independent auditor, as well as any significant regulatory or legal proceedings involving the independent auditor, considers the tenure of the independent auditors, including the benefits from knowledge gained by the auditors of the Company's business over time, reviews the reasonableness of the independent auditors' fees, discusses alternate potential choices for independent auditor and considers the relative merits of retaining the current independent auditor as compared to appointing another independent auditor. In order to assure continuing auditor independence, the Audit Committee periodically considers whether there should be a rotation of the independent audit firm. Among other things, the Audit Committee considers the importance of the external audit firm's understanding of our business, the firm's expertise and qualifications, external audit firms we retain for other company purposes, such as M&A, tax and other advisory services, and firms retained by our competitors.

The Audit Committee is directly responsible for approving the fees of the independent auditors and in doing so they review fee benchmarking information regarding audit and non-audit fees paid by multinational companies which are comparable in terms of size, complexity, and type of financial and accounting issues to the Company. When the audit engagement partner is due to rotate off the Company's audit team following five years of service, such as was the case for fiscal year 2022, the Audit Committee and its Chair meets with potential candidates within the independent auditors to replace the audit engagement partner and the Committee reviews and considers the selection of the audit engagement partner to ensure the Company receives the highest quality replacement.

While the Audit Committee selects the independent auditors and oversees their work, the independent auditors are responsible for performing an independent integrated audit of the Company's consolidated financial statements and effectiveness of internal control over financial reporting and issuing an opinion as to whether the consolidated financial statements conform with accounting principles generally accepted in the United States of America and an opinion as to the effectiveness of internal control over financial reporting.

The Audit Committee has reviewed and discussed with management and the independent auditors the Company's audited consolidated financial statements for the fiscal year ended December 28, 2025, and the Company's report on the effectiveness of internal controls over financial reporting as of December 28, 2025, as well as the independent auditors' audit of those financial statements and the Company's internal controls over financial reporting. The Audit Committee has also reviewed and discussed with the independent auditors the matters required to be discussed by the PCAOB and the SEC. In addition, the Audit Committee discussed with the independent auditors the audit and permitted non-audit services they provide to the Company and any other matters that might impact their independence from management, the Audit Committee has determined that the approved non-audit services being provided by the independent auditor do not impact the auditor's independence, and the Audit Committee has received from the independent auditors the written disclosures and letters required by the applicable requirements of the PCAOB.

Based on its review and discussions with management and the independent auditors referred to in the preceding paragraph and the other oversight actions discussed above, the Audit Committee recommended to the Board and the Board approved the inclusion of the audited consolidated financial statements for the fiscal year ended December 28, 2025 in the Company's Annual Report on Form 10-K for filing with the SEC. The Audit Committee has also selected, and the Board has approved the selection of, KPMG LLP as the independent auditor for Fiscal 2026.

Report issued by the members of the Audit Committee.

Additional Information Regarding Independent Registered Public Accounting Firm

The following table presents fees for professional audit services rendered by KPMG LLP for the integrated audits of the Company's annual consolidated financial statements and effectiveness of internal control over financial reporting for fiscal 2025 and 2024, as well as fees for other services rendered by KPMG to the Company during fiscal 2025 and 2024.

	2025	2024
Audit Fees(1)	\$5,768,000	\$5,999,000
Audit-Related Fees(2)	\$ 128,000	\$ 530,000
Tax Fees(3)	\$ 1,105,000	\$ 1,024,000
All Other Fees	\$ 0	\$ 0
Total Fees	\$7,001,000	\$7,553,000

- (1) Audit Fees consist of services related to the audits of the Company's consolidated financial statements, interim reviews, statutory audits, and comfort letters rendered in connection with the Company's securities offering.
- (2) Audit-Related Fees consist of fees for accounting and reporting consultations, and agreed upon procedures reports.
- (3) Tax Fees consist primarily of fees for tax compliance services, such as assistance with the preparation and/or review of tax returns and other required filings, advice in connection with tax examinations, as well as fees for other tax consultations rendered to the Company.

Policy on Audit Committee Pre-Approval of Audit Services and Permissible Non-Audit Services of the Independent Registered Public Accounting Firm

Consistent with the rules and regulations of the SEC regarding auditor independence, the Audit Committee has responsibility for appointing, approving compensation for and overseeing the services of the independent registered public accounting firm (hereafter referred to as the independent auditors). In fulfilling this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services to be provided by the independent auditors.

Prior to engagement of the independent auditor for the fiscal year, KPMG submits to the Audit Committee for the Audit Committee's pre-approval:

- A description of, and estimated costs for, the proposed audit services to be provided by the independent auditors for that fiscal year.
- A description of, and estimated costs for, the proposed non-audit services to be provided by the independent auditors for that fiscal year. These non-audit services are comprised of permissible audit-related, tax and other services, and descriptions and estimated costs are proposed for these permissible non-audit services.

Audit and permissible non-audit services which are pre-approved by the Audit Committee pursuant to this review may be performed by KPMG during the fiscal year. During the course of the year, KPMG periodically reports to the Audit Committee on the audit and non-audit services which are being provided to the Company pursuant to these pre-approvals.

In addition to pre-approving all audit and permissible non-audit services at the beginning of the fiscal year, the Audit Committee has also instituted a procedure for the consideration of additional services that arise during the course of the year for which the Company desires to retain KPMG. Pre-approval of such services can be made either pursuant to a policies and procedures approach, or pursuant to specific approval. Under a policies and procedures approach, the Audit Committee has specified that additional services in the following categories can be undertaken by KPMG if they fall within the individual dollar limits per project and aggregate dollar limits for all projects of that type per year set forth below and are reported to the Audit Committee at its next meeting:

Category of Service	Individual Limit	Aggregate Limit
Accounting/Reporting Advice	\$ 5,000	\$ 15,000
Other Audit-related services	\$ 5,000	\$ 15,000
Tax Compliance	\$20,000	\$50,000
Tax Advice	\$25,000	\$50,000
Customs and VAT	\$ 10,000	\$ 25,000

For additional projects that do not fall within the policies and procedures limits set forth above, those projects can be specifically pre-approved by the Audit Committee in the following manner. For individual projects with estimated fees of \$75,000 or less which have not previously been pre-approved by the Audit Committee, the Chair of the Audit Committee is authorized to pre-approve such services. KPMG reports any services which are pre-approved in this manner to the full Audit Committee at its next meeting. Any proposed additional projects with an estimated cost of more than \$75,000 must be pre-approved by the full Audit Committee prior to the engagement of KPMG.

Equity Compensation Plans

The following table summarizes information, as of December 28, 2025, relating to equity compensation plans of the Company pursuant to which grants of stock options, restricted stock, restricted stock units, performance shares or other rights to acquire shares may be granted from time to time.

Equity Compensation Plan Information			
Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options, Warrants and Rights (a)	Weighted-Average Exercise Price of Outstanding Options, Warrants and Rights (b)(3)	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column(a)) (c)
Equity compensation plans approved by shareholders(1)	4,006,578(2)	\$72.07	2,511,354(4)
Equity compensation plans not approved by shareholders	—	—	—
Total	4,006,578(2)	\$72.07	2,511,354(4)

(1) The only shareholder approved plan which was in effect as of December 28, 2025 was the 2003 Plan.

Included in shares which may be issued pursuant to outstanding awards is the target number of shares subject to outstanding performance share awards under the 2003 Plan. The actual number of shares, if any, which will be issued pursuant to these awards may be higher or lower than this target number based upon the Company's achievement of the applicable performance goals over the performance periods specified in these awards. Also included in shares to be issued pursuant to outstanding awards are shares granted to outside directors to the extent that such directors deferred receipt of those shares until they retire from the Board.

(2) Comprised of 780,711 shares subject to outstanding stock option awards, 755,360 shares subject to outstanding performance share awards (reflecting such awards at their actual payout percentage for those awards where the performance period has been completed and target numbers for those awards where the performance period has not been completed), and 2,383,346 shares subject to outstanding restricted stock unit awards and 87,161 shares subject to deferred stock awards.

(3) The weighted average exercise price of outstanding options, warrants and rights excludes restricted stock units and performance-based stock awards, which do not have an exercise price.

(4) All such shares are eligible for issuance as performance share awards, restricted stock or deferred restricted stock, or other stock awards under the 2003 Plan.

Delinquent Section 16(a) Reports

Section 16(a) of the Exchange Act requires Hasbro’s executive officers and directors and persons who beneficially own more than 10% of our Common Stock (collectively, “Reporting Persons”) to file reports of beneficial ownership and changes in beneficial ownership with the SEC. Reporting Persons are required by SEC regulations to furnish Hasbro with copies of all Section 16(a) reports that they file. Based solely on our review of such reports received or written representations from certain Reporting Persons, we believe that during fiscal 2025 all Reporting Persons complied with all applicable reporting requirements under Section 16(a).

Certain Relationships and Related Person Transactions

The Company has a policy that any transaction which would require disclosure under item 404(a) of Regulation S-K of the rules and regulations of the SEC, with respect to a director or nominee for election as a director, must be reviewed and approved or ratified by the Company’s full Board, excluding any director interested in such transaction. All other related person transactions which would require disclosure under Item 404(a), including, without limitation, those involving executive officers of the Company, must be reviewed and approved or ratified by either the Company’s full Board or a committee of the Board which has been delegated with such duty. Any such related person transactions will not impair the involved person’s service to, and exercise of judgment on behalf of, the Company, or otherwise create a conflict of interest which would be detrimental to the Company. This policy is contained in Section 21, entitled “Code of Conduct; Conflicts of Interest” of the Company’s Corporate Governance Principles.

Questions and Answers about the Proxy Materials and the Annual Meeting

Q: Why am I receiving this proxy statement?

A: You are receiving this Proxy Statement and the accompanying proxy materials because you were a shareholder of record of the Company's Common Stock at the close of business on April 13, 2026 (the "Record Date") and you otherwise are entitled to notice of, and to vote at, the Annual Meeting. Your Board of Directors is delivering this Proxy Statement and the accompanying proxy materials, including a proxy card, to you in connection with the solicitation of proxies by and on behalf of your Board, for use at the Annual Meeting, which will take place on June 11, 2026, and at any adjournments and postponements thereof. This Proxy Statement is intended to assist you in making an informed vote on the proposals described in this Proxy Statement. This Proxy Statement and the accompanying proxy card and other materials are first being mailed on or about April 17, 2026 in connection with the solicitation of proxies on behalf of your Board.

Q: What matters will be voted on at the Annual Meeting?

A: Proposal 1 — Election of eleven (11) directors to your Board of Directors to serve until the next annual meeting of shareholders and until their successors are duly elected and qualified. **Your Board unanimously recommends that you vote "FOR ALL" of your Board's nominees: Douglas Bowser, Hope F. Cochran, Christian P. Cocks, Lisa Gersh, Frank D. Gibeau, Elizabeth Hamren, Darin S. Harris, Owen Mahoney, Laurel J. Richie, Richard S. Stoddart and Carla Vernón.**

Proposal 2 — An advisory vote to approve the compensation of the Company's Named Executive Officers.

Proposal 3 — Ratification of the selection of KPMG LLP as the Company's independent registered public accounting firm for fiscal 2026.

Q: What are the recommendations of the Board of Directors?

A: Your Board of Directors unanimously recommends that you vote your shares as follows:

- "FOR ALL" the nominees proposed by your Board of Directors.

- "FOR" the approval, on a non-binding advisory basis, of the compensation of the Company's Named Executive Officers.
- "FOR" the ratification of the selection of KPMG as the Company's independent registered public accounting firm for fiscal 2026.

Q: Who may vote at the Annual Meeting?

A: Shareholders of Hasbro at the close of business on the Record Date are entitled to vote on all items being voted on at the Annual Meeting and any adjournments or postponements thereof. As of the Record Date, there were 141,521,544 shares of Hasbro Common Stock outstanding. Each share of Hasbro Common Stock is entitled to one vote.

Q: Who can attend the Annual Meeting?

A: Attendance at the Annual Meeting through the website www.meetnow.global/MHMKPY9 or any adjournment or postponement thereof will be limited to shareholders of the Company as of the close of business on the Record Date and guests. You will not be able to attend the Annual Meeting in person at a physical location.

Q: How can I attend the Annual Meeting?

A: Registered Holders.

As a registered holder, you will be able to attend the Annual Meeting online, ask a question and vote by visiting www.meetnow.global/MHMKPY9 and following the instructions on your Notice, proxy card, or on the instructions that accompanied your proxy materials.

Beneficial Holders.

If you hold your shares in street name as a beneficial holder and wish to virtually attend the Annual Meeting, you have two options:

- **Option 1 Register in Advance.** You may register in advance by submitting proof of your proxy power by submitting a "legal proxy" form that you can obtain from your broker by following the instructions on their voting instructions. Upon receipt, send the legal proxy reflecting your holdings in Hasbro along with your name and email address to Computershare Trust

Company (“Computershare”) by email or mail as set forth below. Requests for registration must be labeled as “Legal Proxy” and be received no later than 5:00 p.m., Eastern Time, on June 8, 2026.

By email: Forward the email from your broker and attach an image of your legal proxy, to legalproxy@computershare.com.

By mail: Computershare
Hasbro Legal Proxy
P.O. Box 43001
Providence, RI 02940-3001

- **Option 2 Register at the Annual Meeting.** An industry solution has been agreed upon to allow beneficial holders to register online at the Annual Meeting to attend, ask questions and vote. We expect that the vast majority of beneficial holders will be able to fully participate using the control number received with their voting instruction form. Please note, however, that this option is intended to be provided as a convenience to beneficial holders only, and there is no guarantee this option will be available for every type of beneficial holder voting control number. The inability to provide this option to any or all beneficial holders shall in no way impact the validity of the Annual Meeting. Beneficial holders may choose the Register in Advance of the Annual Meeting option above, if they prefer to use this traditional, paper-based option.

In any event, please go to www.meetnow.global/MHMKPY9 for more information on the available options and registration instructions. The online meeting will begin promptly at 11:00 A.M. Eastern Time. We encourage you to access the Annual Meeting prior to the start time leaving ample time for the check-in. Please follow the registration instructions as outlined in this proxy statement.

Q: How can I attend the Annual Meeting as a guest?

- A:** Guests will be allowed to attend the Annual Meeting by accessing the website www.meetnow.global/MHMKPY9, beginning 15 minutes prior to the Annual Meeting’s scheduled start time and following the instructions provided to attend. Guests at the Annual Meeting will be able to listen to the Annual Meeting but will not be able to vote nor submit a comment or question during the Annual Meeting.

Q: Do I need to register to attend the Annual Meeting virtually?

- A:** Registration is only required if you are a Beneficial Holder choosing to use the “Register in Advance” option set forth above. Online access to the webcast will open approximately 15 minutes prior to the start of the Annual Meeting. Shareholders attending the meeting virtually will be able to submit questions before or during the Annual Meeting using the Q&A icon. To submit questions in advance of the Annual Meeting, visit www.meetnow.global/MHMKPY9 before 11:00 A.M. Eastern Time on June 11, 2026.

Shareholders who attend the Annual Meeting virtually via the Internet will have the opportunity to participate fully in the Annual Meeting.

Q: What shares are included on the enclosed proxy card?

- A:** If you are a Registered shareholder of Hasbro as of the Record Date, the enclosed proxy card represents all shares of Hasbro Common Stock that are registered in your name, including shares purchased through the Computershare CIP, a Direct Stock Purchase and Dividend Reinvestment Plan for Hasbro.

If your shares are held through a broker, bank or other nominee, your broker, bank or other nominee has enclosed a voting instruction form for you to use to direct it how to vote the shares held by such broker, bank or other nominee. Please return your completed voting instruction form to your broker, bank or other nominee. If your broker, bank or other nominee permits you to provide voting instructions via the Internet or by telephone, you may vote that way as well.

If you hold shares in the Hasbro Retirement Savings Plan, you will receive paper proxy materials together with a proxy card reflecting your shares held in the Plan, along with any shares you may hold as a registered holder, if applicable. If you consented to receive proxy materials electronically, you will receive an email notification with links to the proxy materials and the Internet site to vote your shares.

Q: What does it mean if I receive more than one proxy card on or about the same time?

- A:** It generally means that you hold shares registered in more than one account. In order to vote all of your shares, please sign, date and return each

proxy card or voting instruction form in the postage-paid envelope provided or, if you vote via the Internet or telephone, please be sure to vote using each proxy card or voting instruction form you receive. The latest-dated, validly executed proxy you submit will be counted, and, if you wish to vote as recommended by your Board of Directors, then you should only submit proxy cards.

Q: How do I vote my shares?

A: We encourage all shareholders to submit proxies in advance of the Annual Meeting by telephone, by Internet or by mail. Sending your proxy by any of these methods will not affect your right to virtually attend and vote at the Annual Meeting or by executing a proxy designating a representative to vote for you at the Annual Meeting.

If you are a Registered shareholder as of the Record Date, you can vote by following the instructions on the notice, email or the proxy card you received to vote by (i) telephone or Internet, (ii) by completing, signing, dating and mailing the enclosed proxy card in the postage-paid envelope provided or (iii) by attending the Annual Meeting virtually and voting during the meeting as described below under the heading “How do I vote my shares during the Annual Meeting?”

If you hold shares through a broker, bank or other nominee, that institution has enclosed a voting instruction form for you to use to direct it how to vote those shares held by such broker, bank or other nominee. Your ability to vote by telephone or over the Internet depends upon your broker, bank or other nominee’s voting process. Please follow the instructions on your voting instruction form carefully.

Even if you plan to attend the Annual Meeting virtually, we encourage you to vote your shares by submitting your proxy card or voting instruction form in advance of the Annual Meeting.

Q: How do I vote my shares during the Annual Meeting?

A: If you are a registered shareholder or a Beneficial holder you can vote during the Annual Meeting by clicking on the “Vote” icon on the Annual Meeting site. If you have already voted your shares there is no need to vote during the Annual Meeting unless you wish to change your vote.

Q: What vote is required for approval of the election of directors?

A: Under Article II, Section 2.6 of Hasbro’s By-laws, the affirmative vote of a majority of votes cast with respect to each director nominee will be required for the nominee to be elected. A majority of the number of votes cast “FOR” a director nominee must exceed the number of votes cast “AGAINST” that director nominee. For each of the nominees you may vote “FOR” such nominee, “AGAINST” such nominee or you may “ABSTAIN” with respect to each nominee.

Q: What vote is required for approval of each other matter to be considered at the Annual Meeting?

A: Proposal 2 — **Advisory Vote on Compensation.** The affirmative vote of a majority of the shares of Common Stock present (in person or by proxy) and entitled to vote at the Annual Meeting on this shareholder advisory vote is required for approval of this proposal.

Proposal 3 — **Ratification of the Selection of KPMG.** The affirmative vote of a majority of the shares of Common Stock present (in person or by proxy) and entitled to vote at the Annual Meeting on the ratification of the selection of KPMG is required for approval of this proposal.

For proposals 2 and 3, you may vote “FOR”, “AGAINST” or “ABSTAIN”. If you “ABSTAIN” for proposal 2 or 3, it has the same effect as a vote “AGAINST” that proposal.

Q: What happens if I hold shares in street name and do not submit voting instructions? What is a broker non-vote?

A: A broker non-vote occurs when a broker or other nominee holding shares for a beneficial owner does not vote on a particular proposal because the broker or nominee does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner. Under applicable rules that govern brokers or other nominees who are voting with respect to shares held in street name, brokers or other nominees ordinarily have the discretion to vote on “routine” matters but not on non-routine matters.

If you are a beneficial shareholder and do not vote via the Internet, telephone, during the Annual Meeting or by returning a signed voting instruction card, your shares may only be voted in situations where brokers have discretionary voting authority

over the shares. Discretionary voting authority is only permitted on the proposal for the ratification of the selection of KPMG as the Company's independent registered public accounting firm for 2026 which is a "routine" matter.

Q: How will my shares be voted if I submit a proxy card but do not specify how I want to vote?

A: If you submit a validly executed proxy card or voting instruction form but do not specify how you want to vote your shares with respect to a particular proposal, then your shares will be voted in line with the Board's recommendations with respect to any such proposal, i.e., (i) "FOR ALL" your Board's eleven (11) director nominees, (ii) "FOR" the approval, on a non-binding advisory basis, of the compensation of the Company's Named Executive Officers, and (iii) "FOR" the ratification of the selection of KPMG as the Company's independent registered public accounting firm for fiscal 2026.

As of the date of this Proxy Statement, your Board of Directors knows of no business other than that set forth above to be transacted at the Annual Meeting, but if other matters requiring a vote do arise, it is the intention of Mr. Chris Cocks and Ms. Gina Goetter, as the individuals to whom you are granting your proxy on the proxy card, to vote in accordance with their best judgment on such matters.

Your Board urges you to mark your proxy card in accordance with your Board's recommendations.

Q: What if I have trouble accessing the Annual Meeting virtually?

A: The virtual meeting platform is fully supported across browsers (MS Edge, Firefox, Chrome and Safari) and devices (desktops, laptops, tablets and cell phones) running the most up-to-date version of applicable software and plugins. Note: Internet Explorer is not a supported browser. Participants should ensure that they have a strong Wi-Fi connection wherever they intend to participate in the meeting. We encourage you to access the Annual Meeting prior to the start time. For further assistance should you need it you may call 1-888-724-2416, Monday through Friday between the hours of 7:30 a.m. and 8 p.m.

Q: Where can I find the voting results of the Annual Meeting?

A: We expect to report results based on the report of the Independent Inspector of Elections on a Current Report on Form 8-K filed with the SEC within four business days following the Annual Meeting.

Q: Do I have any dissenters' or appraisal rights with respect to any of the matters to be voted on at the Annual Meeting?

A: No. Rhode Island law does not provide shareholders any dissenters' or appraisal rights with respect to any of the matters to be voted on at the Annual Meeting.

Q: Who can I contact if I have questions or need assistance in voting my shares, or if I need additional copies of the proxy materials?

A: Please contact Morrow Sodali, the firm assisting us in the solicitation of proxies, toll-free at (800) 662-5200.

Additional Information

Deadlines for 2027 Shareholder Proposals

To Be Considered at the Annual Meeting and Considered for Inclusion in the Proxy Materials. Any proposal which a shareholder of the Company wishes to have considered for inclusion in the proxy statement and proxy relating to the Company's 2027 Annual Meeting of Shareholders pursuant to Rule 14a-8 must be received by the Secretary of the Company at the Company's executive offices no later than December 18, 2026 (the date that is 120 calendar days before the anniversary of the release date of the proxy statement relating to the 2027 Annual Meeting of Shareholders). The address of the Company's executive offices for this purpose is 400 Summer Street, Boston, Massachusetts 02210. Such proposals should be sent to the attention of the Chief Legal Officer and Corporate Secretary and must also comply with the other requirements of the rules of the SEC relating to shareholder proposals.

To Be Considered at the Annual Meeting But Not Included in the Proxy Materials. With the exception of the submission of director nominations for consideration by the Nominating, Governance and Social Responsibility Committee, which must be submitted to the Company in the manner described below, any new business proposed by any shareholder to be taken up at the 2027 Annual Meeting, but not included in the proxy statement or proxy relating to that meeting, must be stated in writing and filed with the Secretary of the Company not less than 90 days nor more than 120 days prior to the one-year anniversary date of the immediately preceding annual meeting of shareholders (provided that if the date of the annual meeting is advanced by more than 30 days prior to or delayed by more than 30 days before or after such anniversary date, notice by the shareholder must be delivered not earlier than 120 days prior to the annual meeting and not later than (i) the ninetieth (90th) day prior to the date of such annual meeting or (ii) the tenth (10th) day following the day on which the notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever first occurs. To be in proper form the notice must provide specified information regarding the proposed nominee and each shareholder proposing such nomination, as set forth in the Company's By-Laws. As such, shareholder proposals to be considered for the Company's 2027 Annual Meeting of Shareholders must be submitted no earlier than February 11, 2027, and no later than March 13, 2027.

Deadlines for 2027 Director Nominations

The Nominating, Governance and Social Responsibility Committee is responsible for identifying individuals qualified to be members of your Board of Directors and reviewing candidates recommended by our shareholders. In making its nominations for election to the Board, the Nominating, Governance and Social Responsibility Committee seeks candidates who meet the current challenges and needs of the Board and the Company. As part of this process the Nominating, Governance and Social Responsibility Committee considers a number of factors, including:

- a candidate's:
 - employment and other experience and qualifications;
 - skills, expertise and involvement in areas that are of importance to the Company's business;
 - business ethics and professional reputation;
 - other board service; and
 - business, financial and strategic judgment;
- the Board's and the Company's needs at that time; and
- the Company's desire to have a well-balanced Board that represents a diverse mix of backgrounds, perspectives and expertise.

The Nominating, Governance and Social Responsibility Committee will consider and evaluate nominees recommended by shareholders for election to the Board on the same basis as candidates from other sources if such nominations are made in accordance with the processes set forth below. The Nominating, Governance and Social Responsibility Committee uses multiple sources for identifying and evaluating nominees for director, including referrals from current directors, recommendations by shareholders and input from third-party executive search firms.

Director Nominations to be made at the Annual Meeting. The Company's By-Laws provide that shareholders may themselves nominate directors for consideration at an annual meeting provided they give timely written notice to the Secretary of the Company. Notice must be received at the principal executive office of the Company not less than 90 days nor more than 120 days prior to the one-year anniversary date of the immediately preceding annual meeting of shareholders (provided that if the date of the annual meeting is advanced by more than 30 days prior to or delayed by more than 30 days before or after such anniversary date, notice by the shareholder must be delivered not earlier than 120 days prior to the annual meeting and not later than (i) the ninetieth (90th) day prior to the date of such annual meeting or (ii) the tenth (10th) day following the day on which the notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever first occurs). To be in proper form the notice must provide specified information regarding the proposed nominee and each shareholder proposing such nomination, as set forth in the Company's By-Laws. As such, director nominations to be considered for the Company's 2027 Annual Meeting of Shareholders must be submitted no earlier than February 11, 2027, and no later than March 13, 2027. Nominations made by shareholders in this manner are eligible to be presented by the shareholder to the meeting, but such nominees will not have been considered by the Nominating, Governance and Social Responsibility Committee as a nominee to be potentially supported by the Company and will not have been included in the Company's proxy materials.

In addition to satisfying the foregoing requirements under Hasbro's By-laws, to comply with the universal proxy rules, shareholders who intend to solicit proxies in support of director nominees other than the Company's nominees must provide notice that sets forth the information required by Rule 14a-19 under the Exchange Act.

Director Nominations to be Considered by the Company's Nominating, Governance and Social Responsibility Committee. To be considered by the Nominating, Governance and Social Responsibility Committee, director nominations must be submitted to the Chief Legal Officer and Corporate Secretary of the Company at the Company's executive offices, 400 Summer Street, Boston, Massachusetts 02210 not less than ninety (90) days nor more than one hundred twenty (120) days prior to the one-year anniversary of the preceding year's annual meeting. As such, director nominations to be considered for the Company's 2027 Annual Meeting of Shareholders must be submitted no earlier than February 11, 2027 and no later than March 13, 2027. The Nominating, Governance and Social Responsibility Committee is only required to consider recommendations made by shareholders, or groups of shareholders, that have beneficially owned at least 1% of the Company's Common Stock for at least one year prior to the date the shareholder(s) submit such candidate to the Nominating, Governance and Social Responsibility Committee and who undertake to continue to hold at least 1% of the Company's Common Stock through the date of the next annual meeting. In addition, a nominating shareholder(s) may only submit one candidate to the Nominating, Governance and Social Responsibility Committee for consideration.

Submissions to the Nominating, Governance and Social Responsibility Committee should include:

- as to each person whom the shareholder proposes to nominate for election or re-election as a director:
 - the name, age, business address and residence address of the person;
 - the principal occupation or employment of the person;
 - the class or series and number of shares of capital stock of the Company that are owned beneficially or of record by the person;
 - any other information relating to the person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act, and the rules and regulations promulgated thereunder; and
 - confirmation that the candidate is independent under the Company's Independence Standards and Nasdaq rules, or if the candidate is not independent under all such criteria, a description of the reasons why the candidate is not independent.

- as to the shareholder(s) giving the notice:
 - the name and record address of such shareholder(s) and each participant in any group of which such shareholder is a member;
 - the class or series and number of shares of capital stock of the Company that are owned beneficially or of record by such shareholder(s) and each participant in any group of which such shareholder is a member;
 - if the nominating shareholder is not a record holder of the shares of capital stock of the Company, evidence of ownership as provided in Rule 14a-8(b)(2) under the Exchange Act;
 - a description of all arrangements or understandings between such shareholder(s) and each proposed nominee and any other person or persons (including their names) pursuant to which the nomination(s) are to be made by such shareholder(s); and
 - any other information relating to such shareholder(s) that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors pursuant to Section 14 of the Exchange Act and the rules and regulations promulgated thereunder.

The Nominating, Governance and Social Responsibility Committee may require that any proposed nominee for election to the Board furnish such other information as may reasonably be required by the Nominating, Governance and Social Responsibility Committee and the Company's By-Laws to determine the eligibility of such proposed nominee to serve as director of the Company. The written notice from the nominating shareholder specifying a candidate to be considered as a nominee for election as a director must be accompanied by a written consent of each proposed nominee for director. In this written consent the nominee must consent to (i) being named as a nominee for director, (ii) serve as a director and represent all shareholders of the Company in accordance with applicable laws and the Company's Articles of Incorporation, By-Laws and other policies if such nominee is elected, (iii) comply with all rules, policies or requirements generally applicable to non-employee directors of the Company, and (iv) complete and sign customary information requests upon the request of the Company.

Director Nominations Under Proxy Access Bylaw. Under our proxy access bylaw, under certain circumstances, a shareholder or group of shareholders may include director candidates that they have nominated in the Company's proxy statement. Shareholders are referred to the By-Laws for the full details related to this procedure.

The proxy access By-Law allows a shareholder or a group of up to twenty (20) shareholders, who has maintained continuous ownership of at least 3% of the voting power of the Company's outstanding voting stock for at least 3 years, to include nominees for election to the Board of Directors in the Company's proxy statement. Subject to compliance with the requirements of the proxy access By-Law provisions, the shareholder or group of shareholders may include director nominees for up to the greater of (i) 20% of the Board, rounded down to the nearest whole number, or (ii) 2 nominees. The nominating shareholder or group of shareholders must timely deliver notice to the Secretary of the shareholder nominee together with the other information required by our By-Laws, and each nominee must meet the qualifications required by our By-Laws.

To be timely, the notice to include shareholder-nominated candidates in the Company's proxy materials to the Secretary must be delivered to or mailed and received at the principal executive offices of the Company not less than ninety (90) days nor more than one hundred and twenty (120) days prior to the one-year anniversary date of the immediately preceding annual meeting of shareholders (provided that if the date of the annual meeting is advanced more than thirty (30) days prior to or delayed by more than thirty (30) days after such anniversary date, notice by the shareholder to be timely must be so delivered not earlier than the one hundred twentieth (120th) day prior to such annual meeting and not later than the later of (x) the ninetieth (90th) day prior to the date of such annual meeting or (y) the tenth (10th) day following the day on which notice of the date of the annual meeting was mailed or public disclosure of the date of the annual meeting was made, whichever first occurs). As such, requests to include shareholder-nominated candidates in our proxy materials for the 2027 Annual Meeting must be received by our Secretary no earlier than February 11, 2027 and no later than March 13, 2027.

Other Business

Management knows of no other matters that may be presented to the Annual Meeting. However, if any other matter properly comes before the Annual Meeting, or any adjournment or postponement thereof, it is intended that proxies in the accompanying form will be voted in accordance with the judgment of the persons named therein.

Important Notice Regarding Delivery of Shareholder Documents

In accordance with a notice sent to certain street name shareholders of our Common Stock who share a single address, only one copy of the Notice of Internet Availability of Proxy Materials or proxy materials for the year ended December 28, 2025 is being sent to that address unless we received contrary instructions from any shareholder at that address. This practice, known as “householding,” is designed to reduce our printing and postage costs and environmental footprint. However, if any shareholder residing at such an address wishes to receive a separate copy of the Notice of Internet Availability of the Proxy Materials, the Proxy Statement or our Annual Report on Form 10-K for the year ended December 28, 2025, he or she may contact Investor Relations, Hasbro, Inc., 1027 Newport Avenue, Pawtucket, Rhode Island 02861, and we will deliver those documents to such shareholder promptly upon receiving the request. Any such shareholder may also contact our Investor Relations Department using the above contact information if he or she would like to receive separate Notices of the Internet Availability of Proxy Materials or proxy statements and annual reports in the future. If you are receiving multiple copies of our Notice of Internet Availability of the Proxy Materials, annual report or proxy statement at the same address, and would like to only receive one copy, you may request householding in the future by contacting the Investor Relations Department using the above contact information.

Shareholder Communications

We always welcome constructive engagement and feedback from our shareholders. Shareholders or interested parties desiring to communicate directly with the Board, a Board committee or any such other individual director or directors may do so confidentially by sending correspondence, c/o Chair of the Board, Hasbro, Inc., P.O. Box 497, Pawtucket, Rhode Island 02862. All such communications will be reviewed and forwarded to the designated recipient or recipients in a timely manner.

Cost and Manner of Solicitation

The cost of soliciting proxies in the accompanying form has been or will be borne by the Company. In addition to solicitation by mail, arrangements will be made with brokerage houses and other custodians, nominees and fiduciaries to send proxies and proxy material to their principals and the Company will reimburse them for any reasonable expenses incurred in connection therewith. The Company has also retained Morrow Sodali LLC, 333 Ludlow Street, 5th Floor, Stamford CT 06902 to aid in the solicitation of proxies at an estimated cost of \$12,500 plus reimbursement of reasonable out-of-pocket expenses. In addition to use of mail, proxies may be solicited by officers and employees of the Company or of Morrow Sodali LLC in person or by telephone.

By Order of the Board of Directors

Tarrant Sibley

Executive Vice President, Chief Legal Officer & Corporate Secretary

Dated: April 17, 2026
Pawtucket, Rhode Island

Appendix A – GAAP to Non-GAAP Reconciliation

The Company has used non-GAAP financial measures as defined under SEC rules, specifically adjusted operating profit, adjusted operating margin, adjusted net earnings, and adjusted net earnings per diluted share. We caution investors that our definition and use of these non-GAAP financial measures may not be the same as similar measures used by other companies.

As required by SEC rules, the Company has provided reconciliations of these measures to the most directly comparable GAAP measure. Management believes that adjusted net earnings, adjusted net earnings per diluted share, adjusted operating profit and adjusted operating profit margin provides investors with an understanding of the underlying performance of our business absent unusual events. These non-GAAP measures should be considered in addition to, not as a substitute for, or superior to, net earnings or other measures of financial performance prepared in accordance with GAAP as more fully discussed in our consolidated financial statements and filings with the SEC. As used herein, “GAAP” refers to accounting principles generally accepted in the United States of America.
